The Honorable Ted Cruz
US Senator
B40B Dirksen Senate Office Building
Washington, DC 20510

Dear Senator Cruz,

I am writing to express serious concern regarding recent proposals to eliminate or cap the deduction on tax-exempt municipal bonds in the Fiscal Year 2014 Budget Proposal.

For more than a century, municipal bonds have enjoyed tax-exempt status and have been the primary method by which state governments and local municipalities finance public capital improvements and infrastructure construction. These projects are engines of job creation and economic growth, and it is imperative that their tax-exempt status remain unchanged.

Over the last decade, municipal bonds have funded more than \$1.9 trillion in critical infrastructure improvements around our country. Since 2011, the City of Fort Worth alone has issued \$571 million worth of bonds to finance new and ongoing projects vital to our city's rapidly expanding population and business interests. These bonds paid for upgrades to our water, sewer, and road infrastructure, the construction of important and much needed new roads, a police and fire training facility, public safety communication towers, the acquisition of a telecommunication system and new fire engines, and to refinance existing debt that had high interest rates. The infrastructure needs identified within our City currently exceed \$1.5 billion and primarily can only be met through the use of these municipal bonds.

Eliminating or capping the current deduction on municipal bonds would inherently increase the cost to the City of financing such projects, leaving Fort Worth residents with two undesirable alternatives: 1) borrow less for infrastructure and sacrifice the resulting employment and economic growth or 2) continue at the same pace and accept higher tax rates, which would also stifle economic growth. In these tenuous economic times, protecting the interests of our citizens begins with strong communities and the important services that cities and towns across America provide through our firefighters, police officers, and infrastructure personnel. For the past 12 years, Fort Worth, one of the fastest growing large cities in America, has followed a financially responsible path, funding needed infrastructure improvements without turning to tax increases on our citizens. Eliminating or capping the current deduction on municipal bonds puts that record of achievement at risk and creates an environment of uncertainty at a time we can least afford to vacillate.

As the discussion on various budget proposals continues and the national discussion on comprehensive tax reform begins, it is our sincere hope that you will reject proposals to alter the tax-exempt status of municipal bonds. While we agree that we must reduce government spending, borrowing for operations, and our country's unsustainable debt, we should not be eliminating a vital tool for local job growth and economic development.

Thank you for your time and attention to this important national, state, and local Fort Worth matter, and we thank you for your service to our great nation.

MEMORANDUM

Date: August 6, 2013

To: Chairman Burns & Members of the Housing and Economic Development Committee

From: Cynthia Garcia, Acting Director of Housing and Economic Development

Subject: Texas Enterprise Zone Nomination for NGC Renewables, LLC

The City of Fort Worth approved a tax abatement agreement with NGC Renewables, LLC for the construction of a 120,000 square foot North American headquarters and manufacturing facility at 5500 Alliance Gateway Freeway on July 10, 2012. City Council was informed on June 5, 2012 during the staff presentation that NGC Renewables, LLC requested that the City nominate the company as an Enterprise Zone Project under the Texas Enterprise Zone Program.

The Texas Enterprise Zone Program is an economic development tool for local communities to partner with the State of Texas to promote job creation and capital investment in economically distressed areas of the State. An enterprise project is defined as a business that is nominated by a municipality or county, and approved for state benefits to include state sales and use tax refunds on qualified expenditures. The level and amount of refund is related to the capital investment and jobs created at the qualified business site. There is no financial impact to the local community involved in the nomination process.

NGC Renewables, LLC qualifies for a single Enterprise Project Designation with a projected capital investment of \$96 million. The single project designation allows for a state sales and use tax refund on qualified expenditures of \$2,500 per job, capped at 500 jobs, with a maximum benefit of \$1.25 million over a five year period.

Under the Texas Enterprise Zone Act at least thirty-five percent (35%) of the business's new employees must be residents of an enterprise zone or classified as economically disadvantaged individuals. In addition, the jobs will be provided through the end of the five year designation period or at least three years after the date on which a state benefit is received, whichever is later.

Staff will bring forward an M&C to Council on August 13, 2013 nominating NGC Renewables, LLC as an Enterprise Zone Project pursuant to the Texas Enterprise Zone Program.

Please contact me at 817-392-8187 if you have any questions or concerns.

MEMORANDUM

Date: August 6, 2013

To: Chairman Burns & Members of the Housing and Economic Development Committee

From: Cynthia Garcia, Acting Director of Housing and Economic Development

Subject: Amendment to Economic Development Program Agreement with FW Mason Heights, L.P. to extend Completion Deadline of Renaissance Square Development

On March 24, 2009, the City Council authorized the execution of an Economic Development Program Agreement (M&C C-23400) with FW Mason Heights, L.P., related to the 63-acre development of retail and commercial buildings to be constructed at the southwest corner of US Highway 287 and East Berry Street, generally known as the Renaissance Square project. On August 17, 2010, the City Council authorized the assignment of that Agreement by FW Mason Heights, L.P., to Renaissance Square, LLC (M&C C-24394).

This Agreement has been amended twice. The first amendment revised sales tax reporting requirements for sales conducted on the site.

On June 14, 2011, the City Council authorized the execution of Amendment No. 2 to the Agreement, which provided the following (M&C C-24978):

- (1) Adjusted the development requirements and corresponding grant calculations due to parking and open space requirements of the anchor tenant; and
- (2) Extended the Completion Deadline to December 31, 2013 due to delays caused by the design of the turnaround improvements on US Highway 287/Berry/ Vaughn.

The turnaround improvements were expected to be completed by March 1, 2013; however, construction did not commence until January 2013. Construction will not be complete on the turnaround improvements until October 1, 2013 due to additional delays with streetlight plans and meter installation. Therefore, staff recommends extending the deadline to December 31, 2014 due to the significant delays with the turnaround improvements.

To date, Renaissance Square, LLC has provided approximately 295,000 square feet of occupiable space. An M&C will be brought forward to Council on August 13, 2013 amending the Economic Development Program Agreement completion deadline.

Please contact me at 817-392-8187 if you have any questions or concerns.

As a condition of receiving grant funds from the U.S. Department of Housing & Urban Development (HUD), the city is required to prepare a plan called the “Analysis of Impediments to Fair Housing Choice.”(AI) The AI studies the availability of housing choices and whether residents are being discriminated in buying, renting or occupying housing. As part of the study, a series of public meetings will be held over the next two months to gather input for preparation of the plan. Staff is proposing that the Human Relations Commission and the Community Development Council host these public meetings to receive public input. The study will also include an online survey, with invitations to participate in this survey being sent to a broad spectrum of community representatives involved in or affected by the housing industry. The final report will be included in the City’s Consolidated Plan.

NOTE: Written Reports, resolutions, PowerPoint presentations and other documents prepared by staff for this meeting are not detailed in these minutes; the information is summarized. Complete documents are on file in the City Secretary's Office.

3a. Written Reports: Fort Worth Housing Finance Corporation Financial Report through March 31, 2013.

President Espino referenced the Financial Report through March 31, 2013, and opened the floor for discussion on the report. There was no discussion or action on this agenda item.

4. Consider and Adopt Resolution Electing a Treasurer and Appointing an Assistant Treasurer.

Mr. Jay Chapa, Assistant General Manager, advised the board that because of changes in staff overall there was a need to elect a new Treasurer and appoint a new Assistant Treasurer. He recommended that James Mauldin be elected as Treasurer and that Rhonda Hinz, the Finance Manager in the Housing and Economic Development Department, be appointed as Assistant Treasurer.

Motion was made by Director Jordan and seconded by Director Price to approve Resolution FWHFC-2013-01 electing James Mauldin as Treasurer and appointing Rhonda Hinz as Assistant Treasurer for the Fort Worth Housing Finance Corporation. The motion passed 9-0.

5. Consider and Adopt a Resolution Accepting the Proposed Cavile Place Neighborhood Transformation Plan.

Mr. Jay Chapa, Assistant General Manager, addressed the Corporation regarding the proposed resolution. Using a PowerPoint presentation entitled "Briefing to Housing Finance Corporation on Draft Transformation Plan" he provided the history of the plan which included information on the selected consultant, Gilmore Kean, LLC, the consultant's team members and the location of the study area. Mr. Chapa also provided a listing of partner agencies that were assembled to provide feedback of the overall plan. He then introduced Mr. Patrick Kean from Gilmore Kean, LLC, and stated that Mr. Kean would provide additional information on the project and once Mr. Kean had concluded with his presentation, he would resume the staff presentation.

Mr. Patrick Kean, Gilmore Kean, LLC, began his presentation by advising the Board of the various community and stakeholder meetings that were conducted from May 16, 2012, to April 20, 2013. He provided an overview of the transformation plan which included the timeframe for implementation of the development, the estimated required investment and the plan's goals. Mr. Kean outlined the concepts for major redevelopment with the incorporated housing plan elements and neighborhood plan elements, proposed bus stops and routes, bicycle circulation and street improvements. He then advised of the plan's needs assessment survey, the guiding principles for housing of Cavile Place and then summarized the housing plan. Mr. Kean continued his presentation by displaying concept photos of the proposed development reflecting

commercial, retail, residential and green space, and then before and after concept photos of mixed-use development on East Rosedale and Tierney (with extension to the south) and on Amanda and Cowan. He then displayed an elevated concept drawing of the project area at Tierney with the new development on the Cavile Place site and then advised of the proposed expansion to Rosedale Park, the proposed athletic and garden center and the concept for a community garden. Mr. Kean concluded his portion of the presentation by advising the Board of the preliminary financial plan sources and the use of the funds, the tentative implementation timeline and the phasing timeline.

Mr. Chapa resumed the staff presentation by advising that the overall initiative of the plan was to take advantage of some of the City's existing resources and look at opportunities already in that part of town and how those could be utilized to make those fit the plan. He added that the Housing Authority would be a key component since they owned the Cavile properties and they were ready to move forward to replace 300 public housing units. He stated that there was nothing in the plan that staff did not think was not doable and then informed the Board of the proposed City activities that involved the Housing and Economic Development, Water, Transportation and Public Works, and Parks and Community Services Departments. He further stated that part of the overall plan was to bring in a mixed-income community and the goal was to bring back not all 300 public housing units but about 200 public housing units, 25 units for ownership opportunities for public housing residents and 75 public housing units that would dispersed throughout the City to increase the density of public housing and provide the opportunity for more affordable and mixed-income units. He pointed out the proposed activities by the Fort Worth Housing Authority and then concluded his presentation by informing the Board of the next steps in the project, followed with the staff's recommendation to accept the proposed Cavile Place Neighborhood Transformation Plan that included the finalization of the plan by the consultant for publication and its accessibility to the public.

Director Moss expressed his excitement for the project and advised of the many opportunities it would provide to residents, businesses and schools in the area.

Director Scarth expressed concern with the complexity of the plan and sources of funding. Mr. Chapa clarified that the only action requested was to accept the plan, not approve any expenditure of funds. He pointed out that as sources of funding would be identified as projects were brought in on a project-by-project basis. He added that there was a need for private investment as well as profit and non-profit partnerships. He further stated that if the Board accepted the plan, it would still have to go through the official City process and approved by the City Plan Commission and City Council.

Motion was made by Director Moss and seconded by Director Shingleton to accept the Cavile Place Transformation Plan and approve Resolution FWHFC-2013-02 as amended by changing references of "Cavile Neighborhood" to read "Cavile Place Historic Stop 6 Neighborhood" in paragraphs 3, 4, 7, 8, 9 and 10 as appropriate, and changing "Edgewood Terrace" to "Lloyd Avenue" in paragraph 5. The motion passed 9-0.

6. Consider and Adopt Resolution Authorizing the Sale of 5401 E. Berry Street to the Fort Worth Local Development Corporation.

Ms. Cynthia Garcia, Administrator, addressed the Corporation regarding the proposed resolution. Using a PowerPoint presentation entitled "Proposed Sale of 5401 E. Berry to the Fort Worth Local Development Corporation", she advised that the property was originally purchased by the Corporation in 2004. She displayed a photo of the property in its current condition and then provided background information noting that the property was located in the Berry/Stalcup Urban Village which was intended to become a pedestrian friendly area with walking trails for mixed-use and neighborhood retail. She displayed two aerial views of the area; the first reflecting the area in its current configuration and the second reflecting the concept plan for the area. She advised that staff recommended selling the property to the Fort Worth Local Development Corporation (FWLDC) for \$15,180.60 with the FWLDC paying all closing costs.

Motion was made by Director Moss and seconded by Director Scarth to approve Resolution FWHFC-2013-03. The motion passed 9-0.

7. Presentation on Single Family Development in the Evans and Rosedale Neighborhood Empowerment Zone.

Ms. Cynthia Garcia, Administrator, addressed the Corporation regarding the proposed resolution. Using a PowerPoint presentation entitled "Presentation on Single Family Development in Evans and Rosedale Neighborhood Empowerment Zone" she displayed an aerial view of the area that reflected the lots under option for new construction/rehabilitation of single-family homes in Terrell Heights. She provided the background for the project followed by a description of the project and the timeline. She advised of community meetings for the design of the project and displayed several concept drawings reflecting different elevations of homes and floor plans. She advised that the next steps would be to gather construction specifications and then to create a Request for Proposals for the bid process. She added that Phase I for the construction of 2-3 homes would start in Fall 2013.

Director Allen Gray expressed concern with the architectural designs for the floor plans and asked if the floor plans were the original plans as she recalled the community wanted larger bedrooms. Ms. Garcia advised that what was being displayed were the second floor plan submission with the room dimensions being 10' by 12'.

There was no action required on this item; it was an update on the project.

SUBJECT: MUNICIPAL COURT BUSINESS HOURS/ONLINE SERVICES

The purpose of this Informal Report is to provide information related to the Municipal Courts current hours of operation and provide an update on the Department’s current progress toward enhancing the business processes to improve services to stakeholders. It is further intended to provide the Mayor and City Council a current roadmap of staff efforts in producing a leaner, user-friendly, customer service oriented environment while balancing available resources in the implementation of such services.

MUNICIPAL COURT BUSINESS HOURS

The Municipal Court has continually evaluated its operational hours over the past five years while balancing customer service needs, budget constraints, staffing resources, facility options, and case workload. As a result of this ongoing process the department has adjusted customer service operational hours to meet the business need within the city’s financial constraints. Though the department has adjusted its customer service hours this has actually benefited the operation of the court in several ways to include but not limited to:

- Concentration of resources to utilize staff to perform multiple tasks rather than more specialized functions.
- Reduction in the number of overtime and compensatory time hours earned on an annual basis.
- The court has mitigated significantly long lines at cashier windows and long wait times in the walk-in courtrooms.
- Revenue and foot traffic actually increased during the initial adjustments of hours.
- Increase in the number of cases set for Court.

There are several factors that have accommodated the reduced service hours. The court has seen an almost forty-five percent (45%) decrease in the number of case filings over the last five (5) years, so activity has decreased. Additionally, the opening of an additional customer service location at Southwest Municipal Court has allowed for greater convenience for citizens during the standard business hours. Current customer service locations and hours are provided below:

Location	Address	Hours of Operation
A.D. Marshall Public Safety & Courts Building (Full Service)	1000 Throckmorton Street	Monday-Friday: 8 a.m. – 5 p.m. Saturday & Sunday: Closed
Southwest Municipal Court (Full Service)	3741 S.W. Loop 820	Monday: 8 a.m. – 8 p.m. Tuesday-Friday: 8 a.m. – 5 p.m. Saturday & Sunday: Closed

SUBJECT: MUNICIPAL COURT BUSINESS HOURS/ONLINE SERVICES

During FY2009 and FY2010, the Department averaged \$17M in revenue of which approximately 16% was collected after hours. The following year, after ending extended hours, the Department receipted approximately \$17.98 million. The reinstatement of extended hours does not guarantee new revenue but the redistribution of income, between the times. Below is a chart detailing the monies collected from FY2009 through FY2012.

	FY2009	FY2010	FY2011	FY2012
Before 5pm	14,461,161.32	14,070,369.02	17,980,632.20	17,793,010.44
After 5pm	2,845,281.20	2,639,242.18	0	0
Total	17,306,442.52	16,709,611.20	17,980,632.20	17,793,010.44

Note: All online payments are posted in the “Before 5pm” section of the chart.

Staff conducted a survey of other larger Municipal Courts to review their operating structure (please see the table below). The results show that a city such as Houston, which has a population almost three times the size of Fort Worth, offers extended or Saturday hours at selected locations whereas the City of El Paso adjusts their hours to accommodate the adjusted workdays of their staff during the summertime. However federal, state, county and municipal courts in our region overwhelmingly operate during normal business hours.

**SUBJECT: MATERIAL EVENT DISCLOSURE AND PAYING AGENT SERVICES**

The purpose of this Informal Report is to make the Mayor and City Council aware of staff's recent actions to consolidate the paying agent function for the City's outstanding debt instruments to a single provider.

A paying agent performs a number of services for the issuer of debt, with the primary focus being to invoice the issuer prior to a required payment date, to receive the funds from the issuer, and to distribute those funds to the bondholders through the Depository Trust Company (DTC) on the due date.

Since late 2011, the City has been working through two separate paying agents. Wells Fargo Bank, N.A. (Wells) was the City's provider of such services for debt issued between 2003 and 2011. In 2011, a new contract was awarded to Bank of Texas. That contract calls for Bank of Texas to provide paying agent services on obligations issued on or after the effective date of the contract while all previously issued obligations would continue to be serviced by Wells.

In light of the excellent performance of Bank of Texas as paying agent and potential efficiencies to be gained, staff has provided notice to Wells Fargo of the City's intent to assign their services as paying agent and consolidate all paying agent duties for outstanding City debt obligations to Bank of Texas. Since a 60-day notice period is required under the contract, the new arrangement will be effective October 1, 2013.

**SUBJECT: AVIATION LEASING STANDARD OPERATING PROCEDURES**

On July 9, 2013 the Aviation Department presented their new Leasing Standard Operating Procedures to the Infrastructure and Transportation Committee. This Informal Report is in response to their request for information about the current leases and any effect the new policy will have on those leases.

On October 26, 2010, by M&C C-24559, the City Council authorized the Aviation Department to execute a Professional Services Agreement with Aviation Management Consulting Group (AMCG) to assist in developing Aviation Leasing Standard Operating Procedures (Leasing SOP) for the City's existing airports, Alliance, Meacham, and Spinks. This document outlines the parameters that are used to lease property and improvements at the airports. The objective is to coordinate the interests of the private sector to conduct a profitable business, with the interests of the City to manage scarce land resources and produce sufficient revenue to maintain the airports.

The Department worked with AMCG to gather information from airport tenants with a questionnaire and AMCG completed a weeklong field visit to meet with tenants from each airport to gain a better understanding of the operations of the airports and the relationship with the tenants. In addition to individual interviews with tenants, AMCG also conducted open house forums at Spinks and Meacham airports during the field visit. Using the information from the field visit, AMCG developed recommendations for the Department.

A Department Review Team was created including the Aviation Director, Airport Managers, Administrative Manager, Leasing Specialist, and three members of the Aviation Advisory Board. This team reviewed and provided comments at each phase.

The first phase began in April 2011 with an initial draft of the Leasing SOP created by AMCG. The Department Review Team made comments, met together and then met by telephone with AMCG. The Department Review team continued to meet through February of 2012 as changes were incorporated in the document. Additional team members were brought in from the City Attorney's Office, Housing and Economic Development and Risk Management as the process continued. During this timeframe AMCG continued to meet with tenants in order to make sure their concerns were addressed.

The Department hosted a final Public Meeting on Saturday, May 18, 2013 to present this final Leasing SOP.

This Leasing SOP will go into effect October 1, 2013. Current airport leases will not be affected by this new SOP until the expiration of their current lease or unless otherwise allowed within the terms of the lease. Attached is a listing of Airport tenants and the date their leases expire.

Please contact Bill Welstead, Aviation Director if you have any questions or concerns.

**SUBJECT: SUBMISSION OF 2013 EFFECTIVE AND ROLLBACK TAX RATES**

This informal report is to inform the City Council of the Effective and Rollback Tax Rates for use in their upcoming budget discussions regarding Fiscal Year 2014. The Effective Tax Rate reflects what rate would generate the same levy as the prior year based solely on property that was taxable for both years. The rollback tax rate serves as a cap on property tax rates, thus limiting taxing units' ability to make material increases over the prior year's rate.

Pursuant to Texas Property Tax Code Section 26.04.c, the Effective Tax Rate =

$$\frac{(\text{Last Year's Levy} - \text{Lost Property Levy})}{(\text{Current Total Value} - \text{New Property Value})}$$

Property tax rates are comprised of two separate rates, Maintenance & Operation (M&O) and Interest & Sinking (I&S or the debt service component).

The 2013 Effective Tax Rate is \$0.859693 / \$100 assessed valuation
The 2013 Rollback Tax Rate is \$0.918583 / \$100 assessed valuation

The 2012 Adopted Tax Rate is currently \$0.8550 / \$100 assessed valuation

If the City Council wants the option to adopt a tax rate that exceeds the effective rate of \$0.859693 / \$100 assessed valuation, a resolution to consider a tax increase would have to be adopted prior to the public hearings.

If the City Council adopts a **total** tax rate that exceeds the rollback rate, taxpayers may petition for a rollback election by gathering signatures from at least seven percent (7%) of the registered voters shown on the most recent official voter list. If the rollback election succeeds, the City would be forced to adopt the rollback rate.

This year, the City will **not** be subject to a rollback election unless it adopts a tax rate higher than \$0.918583 / \$100 assessed valuation.

Pursuant to Texas Property Tax Code Section 24.04.e, the Effective Tax Rate and Rollback Tax Rate will be published in the newspaper by August 10, 2013 or as soon thereafter as practicable. The tax rate (M&O and debt service components combined) is scheduled to be adopted on September 17, 2013.

**SUBJECT: SUBMISSION OF 2013 CERTIFIED APPRAISAL ROLL AND
CERTIFIED COLLECTION RATE**

The purpose of this Informal Report is to submit the 2013 Certified Appraisal Roll and the certified collection rate.

Pursuant to Section 26.01 of the Texas Property Tax Code, by July 25 or as soon as practicable thereafter, the Chief Appraiser shall prepare and certify to the assessor for each taxing unit participating in the district that part of the appraisal roll for the district that lists the property taxable by the unit.

During the week of July 22, 2013, the Chief Appraisers of Tarrant County, Denton County, Parker County, and Wise County prepared and certified the appraisal roll for the City of Fort Worth.

The 2013 Market Value is \$61,219,914,717, and the Certified Net Taxable Value is \$42,399,291,073. The 2012 certified values were \$59,832,365,308 and \$ 41,269,252,237, respectively. Net taxable property values increased by \$1,130,038,836 from the 2012 tax year.

Section 26.04 of the Texas Property Tax Code requires the Tax Collector to certify the anticipated collection rate to the taxing unit for the current year.

On July 9, 2013, the Tarrant County Tax Assessor/Collector's office certified the anticipated collection rate for the City of Fort Worth for tax year 2013 at 100%.
