Ms. Silcox is the widow of former City Council Member Chuck Silcox, for whom the shelter is named. She has been involved with numerous animal welfare organizations and efforts in Fort Worth for many years and was a founding member of "Cowtown Loves Animal Shelter Pets". She has also facilitated numerous donations of funds and supplies in support of the shelter. There are two other applicants on file who are eligible to serve in this position (Gloria Speak and Paige Carlton); however, given Ms. Silcox's experience and long-standing connection to the shelter, we recommend her selection.
- Ms. Chun Mezger to Place 5. Ms. Mezger will replace Mr. Jay Sabatucci. Ms. Mezger satisfies the specific animal shelter management experience requirement and currently manages the day-to-day operations of the North Richland Hills Animal Shelter. The City of Fort Worth is extremely fortunate to receive sales tax revenue from such a broad range of industries. The following chart illustrates the diversity and strength of our sales tax base.

CITY OF FORT WORTH BUDGET COMPARISON - FY2012

	ADOPTED BUDGET	BUDGET RE-ESTIMATE	YR END VARIANCE	
CITY OF FORT WORTH	\$ 102,259,196	\$ 106,084,550	3.7%	▲
CRIME CONTROL AND PREVENTION DIST.	\$ 46,304,344	\$ 47,465,212	2.5%	▲
MASS TRANSIT AUTHORITY - THE "T"	\$ 47,647,392	\$ 50,524,062	6.0%	▲

Note: For the year, the City has collected **\$3,825,354** or 3.7% more than the FY2012 adopted budget. Likewise, you will see how the positive results are affecting our partner agencies. While these results are encouraging, Staff recommends maintaining a conservative forecast for FY2012 as we continue to experience uncertainty with the national economy and potential audit adjustments.

Note: YTD collections for Fort Worth are up **5.8%** compared to last year.

Again, hopefully you find this additional information helpful. If you have any questions, please call Horatio Porter, Budget Officer, at 817.392.2379.

SUBJECT: PROGRESS REPORT: THE BIG IDEA CHALLENGE

The purpose of this informal report is to provide the City Council an update on the progress on the Big Idea Challenge. As you recall, the city launched an employee incentive program entitled, "The Big Idea Challenge" to encourage city employees to provide cost saving ideas for the city. Thanks to a \$5,000 donation from Community Trust Bank, the winners of the contest would receive a cash award.

Employees were given until December 31, 2011 to share their ideas. Those ideas were vetted through an extensive review process, and six employees were ultimately awarded for their ideas. Those ideas were then sent back to departmental staff to evaluate and facilitate implementation. The following is an update on the progress of that evaluation/implementation process:

Idea #1: Allow employees to donate 40 hours of vacation time to their 457 deferred compensation plan (Human Resources Department).

Update: Currently, the city has procedures in place that allow employees to buy back 40 hours of accrued vacation time at the end of the calendar year. There is also a procedure in place that allows employees who are discontinuing their employment with the city to shift their terminal leave pay into their 457 accounts. Human Resources staff is currently evaluating the legal, pension and IRS impacts and implications of allowing employees to donate 40 hours of accrued vacation time into their 457 accounts each year. They anticipate having draft proposals for the City Manager's review by the end of April, 2012.

Idea #2: Institute a tobacco free hiring policy for future hires and designate all city facilities smoke-free (Human Resources Department).

Update: The Human Resources Department is currently engaged in data gathering and compiling policies from private and public sector employers for tobacco cessation, smoke-free environment and tobacco free hiring policies and programs. Karen Marshall, HR Director, will preview the City's five year healthcare strategy during a presentation to the City Council in May. Tobacco free programs and policies will be a part of the City's overall healthcare strategy. HR plans to have information gathered related to potential program features, employee impacts, associated costs, etc. to discuss with the City Manager's Office by the end of April, 2012.

Idea #3: Require Fire Permits to be picked up or charge for mailing (Fire Department).

Update: The program has been implemented in full, and savings are already being realized.

SUBJECT: PROGRESS REPORT: THE BIG IDEA CHALLENGE

Idea #4: Eliminate the arbitrary limit on a developer's required contributions toward roadway improvements under Community Facilities Agreements (Planning and Development Department).

Update: The Planning and Development Department staff is developing potential implementation strategies with the Transportation and Public Works and City Attorney's departments. In the coming months, such plans will be drafted and presented to the Development Advisory Committee for input before preparing a staff recommendation for Council. It is anticipated that a presentation to Council would be likely in the late fall or winter of 2012.

Idea #5: Establish a policy disallowing city vehicles to idle unnecessarily (Equipment Services Department).

Update: The Equipment Services Department (ESD) staff is gathering anti-idling policies from other government agencies. Also, ESD staff will meet with city departments to determine what departmental policies are already established related to anti-idling. Finally, ESD staff will meet with air quality staff at the North Central Texas Council of Governments regarding their anti-idling ordinance that has been passed by many North Texas governments. Fort Worth has been reluctant to adopt this ordinance in the past due to enforcement challenges. Even though other North Texas jurisdictions have adopted the ordinance, those jurisdictions may be facing challenges with respect to enforcement. This research will culminate in a draft anti-idling policy to be adopted into the appropriate policies and procedures based upon the City Attorney's Office recommendation.

Idea #6: E-mail monthly permit renewal notifications instead of sending them by mail (Planning and Development Department).

Update: The idea is in software development. The first step has been to meet with ITS and coordinate what software changes are required to automate the email through the current alarm billing system. IT is reviewing the request and is to return with the required software changes, costs and possible implementation schedule. We would anticipate implementation by the end of the fiscal year if no major resource or software issues are encountered.
