4. **Presentation by the Fort Worth Nature Center & Refuge: 21st Anniversary of Buffalo Boogie**

Mr. Richard Shepherd, President, Friends of the Fort Worth Nature Center & Refuge provided a presentation on the Fort Worth Nature Center & Refuge: 21st Anniversary of Buffalo Boogie. He stated each year the Friends of the Fort Worth Nature Center & Refuge hosted the Buffalo Boogie in order to raise financial support for the herd. He pointed out that the Friends of the Fort Worth Nature Center & Refuge attained ownership of the bison in 1995. He further stated that the Buffalo Boogie was a 5K and 1 mile fun run/walk and a 5k chip-timed competitive run on a USA track and field certified course. He stated that this was the 21st annual race and that the event would be held at the Fort Worth Nature Center & Refuge on Saturday, May 11, 2013. He further stated that next year the Fort Worth Nature Center would formally celebrate their 50th Anniversary at a dinner at Broadview Park on April 26, 2014. He pointed out that the year 2014 was notable also as it is not only the 40th anniversary of the Friends of the Nature Center, but in addition the centennial of the impoundment of Lake Worth as a source of drinking water and more ready access to water for management of fires, which were all too common in the early part of the 20th Century. He added that the Fort Worth Nature Center & Refuge benefited greatly from the presence of the lake and looked forward celebrating their anniversary.

5. **Presentation of Proclamation of Swartz Brothers Week**

Council Member Moss presented a proclamation of Swartz Brothers Week to Dr. Richard Selcer, Fort Worth Author and Historian and to Ms. Donna Donnell, Fort Worth Historian and Genealogist. He stated that professional photographers, David, John and Charles Swartz were considered to be "Fort Worth's First Family of Photographers" and between the mid-1880s and World War I they took hundreds of photographs of Fort Worth, its buildings and people. He further stated that the work of the Swartz Brothers was the best visual chronicle of turn-of-the century Fort Worth, particularly its human face as well as the streets, architecture and events. He added the Swartz Brothers' photographs were part of the collections of individuals and institutions all over the country and the current exhibition at the Fort Worth Central Library would be the first time a selection of Swartz images would be on public display in one place. He pointed out that the Swartz Brothers' photographs were part of the historic fabric and public face of Fort Worth in the form of the famous "Wild Bunch" photograph, the devastating 1904 fire at the Texas & Pacific station, the visits of Theodore Roosevelt and Quanah Parker and other notable moments in Fort Worth history and that the City of Fort Worth encouraged all residents to honor the Swartz Brothers legacy and their significant contributions to the City's rich history.

Ms. Barbara Ross, 441 Shadow Grass Avenue  
Ms. Regina Anderson, 7225 Specklebelly Lane  
Mr. Bob Manthei, 810 Houston Street

Council Member Scarth clarified that the item that was being considered was a land use issue and that under state law the Council was not allowed to consider health and safety in a land use or zoning issue.

Ms. Sarah Fullenwider, City Attorney, stated that the focus of the gas drilling ordinance was on the impacts of the protected uses rather than a health and safety risk. She further stated the safety risk was under the Texas Railroad Commission and that the whole focus of the gas drilling

ordinance since its adoption in 2001 was to identify certain protected uses and the impacts of gas drilling.

Council Member Moss stated that it was important to have citizen input regarding the solution to the ordinance for compressor stations in agricultural areas.

Motion: Council Member Moss made a motion, seconded by Council Member Shingleton, that Zoning Docket No. ZC-13-034 be continued to the August 6, 2013, Council meeting. The motion carried unanimously 9 ayes to 0 nays.

7. **ZC-13-035 - (CD 5) - Bell Helicopter Textron, Inc., 400 - 800 blocks SH 10, 9600 - 10700 blocks Trinity Boulevard; from: "AG" Agricultural, "A-5" One-Family, "MU-1" Low Intensity Mixed-Use, "K" Heavy Industrial, "O-1" Floodplain District and "PD 588" Planned Development/Specific Use for the following uses: day care center; government office facility; health services facility including doctor's office or medical clinic; electric power substation (SE); telecommunications antenna (SE); telecommunications tower (SE); utility transmission or distribution line; health or recreation club; restaurant, cafe or cafeteria; offices; convenience store; parking area or garage, commercial or auxiliary; assembly of pre-manufactured parts for helicopters; machine shops; manufacture of aluminum or metals; outdoor storage; paint mixing or spraying; sheet metal shop; warehouse or bulk storage; welding shop; galvanizing, sheet or structural shapes; manufacture of helicopters; manufacture of dies, cores, die-casting molds; metal stamping, dyeing, shearing or punching; helistop landing area; executive offices and supporting operations for a corporate office; U.S. government personnel (customer); integrated systems installation; electrical wire assembly; helicopter modification & assembly; metal rotor blade manufacturing; painting operations; engineering research & development; unmanned vehicle assembly; government helicopter delivery; composite parts/blade manufacturing; material storage; tooling manufacturing; engineering process labs; flight simulators; satellite antenna (dish); residence for security purposes; site plan waived to: Amending "PD-588" Planned Development to include mining and excavation; site plan waiver recommended (Recommended for Approval as Amended by the Zoning Commission to Continue Tracts 2 & 3)**

Ms. Mary Kelleher, 7901 Randol Mill Road, appeared before Council in opposition of Zoning Docket ZC-13-035.

Mr. Brian Chase, 600 East Hurst Boulevard, appeared before Council in support of Zoning Docket ZC-13-035.

Ms. Hillary Vonarisen, 308 Santa Fe Trail, Irving, Texas, 75063, completed a speaker card in support of Zoning Docket ZC-13-035, but did not wish to address the Council.

Council Member Moss requested clarification on a road that was not permitted.

Mr. Chase clarified that the road in question was not one that they were dealing with and that it was another developer that was doing the work on the road that was not related to their projects.

Council Member Moss stated that he had a concern with parcels 2 and 3 that were adjacent to two (2) neighborhoods and that he appreciated the modification that was made by removing those parcels out of this zoning case. He stated that this would give Bell Helicopter Textron, Inc., an opportunity to meet with the adjacent neighborhoods so that they could get a clear understanding on what was going on. He added that there was an ordinance that stated any time there is development on a property the drainage issue must be addressed, which would help protect the adjacent neighborhood.

Motion: Council Member Moss made a motion, seconded by Council Member Shingleton, that Zoning Docket No. ZC-13-035 be approved. The motion carried unanimously 9 ayes to 0 nays.

Ms. Carissa Harris, 15827 El Estado Drive, Dallas, Texas, 75248, appeared before Council regarding a distemper outbreak at the Chuck Silcox Animal Shelter.

Mayor Price stated that she would have Mr. Charles Daniels, Assistant City Manager, contact Ms. Watkins, Ms. Danilow and Ms. Harris.

Council Members Allen Gray, Burns, Espino and Moss requested staff to provide a briefing on distemper, how it affects the animals and what goes on in the shelter at the next Pre-Council meeting. They also requested information regarding any claims that have been made regarding distemper along with responses to the citizens that spoke. They further requested for staff to provide a briefing on the facility and capital needs of animal care and control.

**1. Welcome**

With a quorum of both bodies present, Mayor Price and Transportation Authority Board Chair Scott Mahaffey called the joint meeting of the Fort Worth City Council and Fort Worth Transportation Authority Board of Directors to order at 2:08 p.m., on Tuesday, April 30, 2013, at the Fort Worth Convention Center, Room 200, 1201 Houston Street, Fort Worth, Texas 76102.

The Pledge of Allegiance was recited.

Mayor Price welcomed everyone to the meeting. She thanked the T Board members for their hard work and commitment in the last 8 weeks. She reiterated that all modes of transportation are important and vital to the City but that the priority was TEX Rail. She expressed optimism regarding funding and the about the ability of the City and the T to deliver the TEX Rail project.

T Board Chairman Scott Mahaffey thanked the board and the Council for the hard work and support. He reiterated that the T was a full service transit agency and all aspects of transportation are important. He discussed the massive nature of the TEX Rail project. The T is currently looking for a Rail Executive and will be going through the recruitment process over the next few months. The T still feels that 2016 is a viable date for TEX Rail. The DART-T-Cotton Belt agreement has been approved by the T Board and by DART through the committee of the whole and will go to the full DART Board on May 14<sup>th</sup>. The Amtrak and Fort Worth and Western agreements are moving along well. The T expects to have all agreements in place by mid-summer.

**2. Presentation and Action on Passenger Rail Priority Plan**

Councilmember Jungus Jordan presented the “Western Region Passenger Rail Priority Plan”. The plan is coming to this meeting as a recommendation of the Passenger Rail Working Group and was prepared by Tom Shelton and Chad Edwards with the North Central Texas Council of Governments (NCTCOG). The plan depicts the funded rail improvements priority plan in Mobility 2035 as well as other opportunities for future evaluation. The plan depicts the 10 rail corridors that impact Tarrant County and the ridership numbers. Councilmember Jordan noted that No. 10 on the Fort Worth Passenger Rail Working Group Route Priorities is noted with an asterisk indicating that that route will be developed based on growth in the area. The document also delineated proposed Passenger Rail Working Group Route priorities based on ridership and ownership.

In addition Mr. Jordan reiterated the need for a seamless transportation system, utilizing all modes of transportation.

**City of Fort Worth Resolution Adopting the Passenger Rail Priority Plan**

Motion was made by Councilmember Jordan and second by Councilmember Shingleton to approve City of Fort Worth Resolution 4199-04-2013 adopting the Passenger Rail Priority Plan.

There was discussion that the map of the Passenger Rail Working Group Route Priorities did not show a line from downtown, through southeast Fort Worth and on east to Dallas, other than the Mansfield line. Michael Morris, Director of Transportation, NCTCOG, spoke to this item. He confirmed that the Lancaster route under discussion does have the highest ridership and is using Bus Rapid Transit (BRT). In the future there may be a combination of both rail and BRT in this corridor. Mr. Morris suggested that the Mansfield line title be changed to include the Lancaster Corridor.

Councilmember Jordan amended his motion with a second by Councilmember Shingleton to approve City of Fort Worth Resolution 4199-04-2013 adopting the Passenger Rail Priority Plan with Item 4 on the Passenger Rail Working Group Route Priorities changed to “Lancaster Corridor/Mansfield Line to be developed”. Motion passed 9-0.

**FW Transportation Authority Resolution Adopting the Passenger Rail Priority Plan -**

Motion was made by Board member Jeff Davis and second by Board Secretary Andre’ McEwing to approve the Fort Worth Transportation Authority Resolution Adopting the Passenger Rail Priority Plan as amended with Item 4 on the Passenger Rail Working Group Route Priorities changed to “Lancaster Corridor/Mansfield Line to be developed”. Motion passed 8-0. (Sylvia Cervantes absent)

**3. Update on TEX Rail Project**

Rob Harmon, TEX Rail Officer in Charge, The T presented an update on the TEX Rail Project.

He reviewed the 2012 – 2035 Financial Plan including Capital Costs and Revenues for Fiscal 2012 – 2035 for TEX Rail and the T’s existing systems. He discussed the TEX Rail capital expenditures and the TEX Rail revenue. He noted that TEX Rail revenue includes both Federal and the Non-federal dollars that are committed to TEX Rail as of September 2012. He also outlined the existing systems expenses and revenues. He also reviewed the operating revenues and expenses for TEX Rail and the existing systems. Mr. Harmon noted that the Financial Plan was under review and would be updated by mid-summer.

Mr. Harmon then discussed the 9 Working Elements that are leading to TEX Rail Final Design:

- Preliminary Engineering  
Finished with the preliminary engineering. Now in a support role.

- Environmental process  
Completed environmental assessment. The first draft of the final environmental impact statement has been submitted to the FTA. FAA and the Texas Historical Commission also review the environmental work.
- Design-build Procurement  
Currently on the street. Technical proposal reviewed in April and are currently reviewing the pricing proposals. The design build contract will go to the T Board in June.
- New Starts process  
Ongoing. Conducted a Value Engineering Workshop in March and are evaluating the recommendations. Held a Risk Assessment workshop and continue to analyze the risks. Working on the financial plan.
- Corridor Access agreements  
Agreements are moving through the process.
- Real estate acquisition  
Significant element of the process. More than 100 parcels to be acquired. Prioritize the parcels that need to be acquired early in the process.
- System Safety and Security  
Second draft submitted to FTA and FRA. Comments have been returned and are being addressed.
- DMU Vehicle Procurement  
RFP on the street in early summer.
- Positive Train Control  
Ongoing project

Mr. Harmon reviewed the TEX Rail Project Rating. The project is rated annually. In September 2011 the Overall Project was Medium High. In September 2012 the Overall Project rating was Medium. The T is continuing to monitor the criteria used to rate the TEX Rail project.

Next Steps:

Approve Design Build Contract (June 2013)  
Complete the final Environmental Impact Statement (Summer 2013)  
Vehicle RFP issued (Summer 2013)  
Finalize Railroad Agreements (Summer 2013)  
Update the Financial Plan

#### **4. Briefing on Transit-Oriented Development (TOD) Opportunities**

Dana Burghdoff, Deputy Director Planning Division, City of Fort Worth, presented an overview of transit oriented development (TOD) in Fort Worth. TOD leverages the public investment in the transportation system. TOD supports ridership on the transit system. It also helps to accommodate growth. Finally it is an easy walk to the transit station. She discussed plans that

were created in conjunction with The T where they looked at maximizing investment in these areas. She discussed future land plan and how it supports TOD. The implementation comes through zoning. Other ways that TOD could be supported are: recruiting developers that are experienced in TOD; participating in capital improvements that support TOD; land acquisition around stations to support development; Economic Development agreements to support public private partnerships.

Ms. Burghdoff discussed the various TOD and zoning around various stations along the TEX Rail line. She then provided specifics about the TCU/Berry Station and surrounding area and the Granbury/I-20 station.

## **5. Briefing on Potential TOD-Related Tax Revenue**

Jay Chapa, Director, Housing and Economic Development Department defined what tax increment financing (TIF) is. It is an economic development tool to finance public improvements, enhanced infrastructure within a defined geographic area. Encourages new growth, redevelopment of targeted areas; attracts business and industry to expand to stabilize the tax base. At a minimum the taxing entities that participate still receive tax revenues from the base value. The City currently has 11 TIFs. Currently there are there existing TIFs that have TEX Rail Stations or are adjacent to TEX Rail Stations, Downtown, Lancaster and Southside. Mr. Chapa used the Lancaster TIF as an example of how a TIF works and used assumptions based on the existing Lancaster TIF to extrapolate potential TIF funds that would be generated in the potential TCU/Berry Street TIF and the potential Granbury & I-20 TIF.

Mr. Chapa also discussed how existing TIFs could provide a finding option to help get funding sooner to support debt financing. However, the existing TIFs would need to be modified.

### **Potential Next Steps**

Review the potential of developing new TIF District's at various station locations to support development

Proposals could be expanded to include development of station and rail line as eligible projects

Granbury/I-20 and TCU /Berry TIF Districts could be created by the end of the years if directed

Additional TIF districts at other station locations could be considered.

## **6. Briefing on Transit Service from Central City to Alliance Employment Centers**

Curvie Hawkins, Assistant Vice President of Planning, The T presented the Far North Fort Worth Transit Service Plan. He reviewed 2013 T network with 40 bus routes and TRE service. With the opening of TEX Rail 16 new bus routes will be implemented.

**CITY OF FORT WORTH CITY COUNCIL AND  
FORT WORTH TRANSPORTATION AUTHORITY BOARD OF DIRECTORS  
JOINT MEETING

PAGE 6 of 7**

---

Mr. Hawkins provided detail on the 2013 system in north of Fort Worth, currently there is one bus route that goes north of 820. In 2016 there will be 4 bus routes that go north of 820. Before TEX Rail comes on line a North Park-and-Ride will come on line. It will be located on the southbound service road of I-35 at Heritage Trace. Construction will start this summer and be operational in Mid-2014. The service plan calls for non-stop service between the Park-and Ride and Downtown Fort Worth. Future bus service between this site and the Alliance area will be developed, as well as, using it as a connecting point for service between Fort Worth and Denton by coordinating with DCTA.

Mr. Hawkins discussed the Alliance Service Option. The challenge to service in Alliance is the low density style development makes a fixed-route bus system impractical. The T is proposing a flexible subscription based service using small shuttle buses. A rider will ride the express bus from the ITC to the North Park-and-Ride, there they will board a shuttle bus that they scheduled, to their work site. The return trip would work the same way.

#### Next Steps

##### North Park-and –Ride

- Begin construction - Summer 2013
- Open for service - mid 2014

##### Alliance Subscription-based bus service

- Finalize service plan and costing details
- Identify partnerships& marketing service
- Implement service, initially from North Park-and Ride

##### Alliance Rail Service

- Work with the City of Fort Worth on station location identification
- Identify funding
- Coordinate with BNSF for future operation.

**SUBJECT: MARCH 2013 – SALES TAX UPDATE**

The Texas Comptroller’s Office posted results on May 8th. The results are dependent upon the timeliness and accuracy of sales tax payers' returns. This payment from the State represents taxes collected on sales that occurred primarily in the month of March. Sales tax revenue represents approximately 20% of the City’s General Fund budget. In this report, you will see Fort Worth’s sales tax collection compared to last year and the impact on the current year’s budget.

**MONTHLY NET SALES TAX COLLECTIONS FOR MARCH**

CITY OF FORT WORTH

Mar-13	\$11,460,274	<u>DOLLAR VARIANCE</u>	↑	<u>% VARIANCE</u>	↑
Mar-12	\$10,770,742	\$689,532		6.4%	

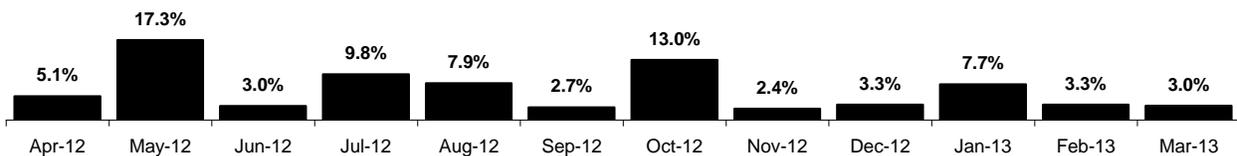

The City’s net sales tax collection is up \$689,532 or 6.4% compared to this month last year. Of this increase, 40.6% is the result of positive audit adjustments, however even without the audit adjustment, this marks the highest March collections on record. As depicted in the table below, the City experienced **\$334,809 or 3.0%** in positive growth when compared to last year’s current period collections for the same month. This trend represents growth in pure economic activity when compared to the same month last year.

**COLLECTION DETAIL FOR CITY SALES TAX**

MASS TRANSIT AUTHORITY - THE "T"	\$ 57,231,467	\$ 57,845,430	1.1%	↑	\$ 613,963

The City has collected **\$4,594,439** above budget year-to-date and projects to end the year **4.2%** higher than the FY2013 adopted budget. As depicted above, you will also see how the positive results are affecting our partner agencies. This is the sixth collection for the fiscal year and while results are encouraging, staff recommends maintaining a conservative forecast for FY2013 as we continue to experience uncertainty with the national economy and potential audit adjustments. The chart below indicates how other cities in the region compared to FY2012.

**SUBJECT: UPDATE ON WATER UTILITY TASK FORCE**

On March 5, 2013, the Fort Worth City Council adopted resolution NO. 4185-03-2013 appointing a water utility task force to advise the city council about the city's options for public / private partnerships to deliver water and wastewater service. The resolution requests that the nine member Task Force determine the feasibility and desirability of pursuing public / private partnerships that may result in lower costs for utility customers and that may add value for City ratepayers and municipal government; identify alternatives for the management and operation of the City's water and wastewater systems; assess the legal and fiscal implications of public / private partnerships; and provide the City Council with appropriate recommendations.

The first workshop was held on April 3, 2013 and facilitated by the consulting firm EMA, Inc. After a call to order and introductions the Mayor charged the Task Force with their responsibilities and expectations. The Task Force members were guided by Water Department staff through a detailed presentation informing them of utility operations, finances and utility performance. EMA staff explained the characteristics and scale of public / private partnerships and provided several case studies of utilities that have, or are in the process of some element of privatization.

The elements of a "Request For Information" (RFI) were reviewed in detail during the first workshop. The purpose of the RFI is to get the Task Force the information it needs to make a recommendation to City Council. The RFI will include the City's objectives in considering a public / private partnership, a utility budget summary and general definitions of business models to be considered. A water departmental overview will be provided with divisional summaries and a breakdown of operating costs. The RFI will provide a base line level of service that the Water Department provides the citizens of Fort Worth and the level of capital needed to sustain that level of service. The RFI will ask for the private sector to come up with steps that may be taken to reduce costs of maintenance and operations while achieving or exceeding current levels of service and how those savings translate to lower rates for utility customers while maintaining or improving the general state of municipal finance.

The second Task Force workshop was held on May 8, 2013. Members were provided additional details of utility operations, expenditures and performance measures versus industry standards and peer benchmarking. EMA consulting provided the Task Force an update of the Allentown, PA lease concession case study with details of the final agreement which ended up being a Public / Public Partnership with the Lehigh County Water Authority. EMA also reviewed the RFI outline & structure and lead the members through a discussion of the five various business models to possibly be considered in the RFI process. The five models are:

1. Complete Sale of Assets
2. Lease Concession of Assets
3. Contract Operations & Maintenance (Enterprise)
4. Strategic Outsourcing (Specific Services)
5. New Revenue Stream or Business

**SUBJECT: UPDATE ON WATER UTILITY TASK FORCE**

After lengthy discussion the Task Force made the decision to pursue all business models with the exception of the complete sale of water utility assets. The RFI is expected to be advertised in late May with vendor submittal due in late July or early August.

The third workshop is scheduled for May 20, 2013 where the RFI will be finalized and firm dates set for advertising, submittal and evaluation. Recommendations to Council are on schedule for October, 2013.

**SUBJECT: LIABILITY AND INSURANCE FOR VOLUNTEER ACTIVITIES ON CITY PROPERTY AND RIGHTS-OF-WAY**

The purpose of this informal report is to respond to the City Council's request for staff to evaluate and resolve the impediment to volunteerism that is resulting from insurance requirements for individuals and groups interested in maintaining common areas of public property and medians.

The City of Fort Worth welcomes community volunteers to assist us with our maintenance and landscaping needs. The nature of maintenance or landscaping on City property can be categorized into 3 general areas: litter collection/light landscaping; work involving power equipment and significant irrigation projects. Historically, the City has required volunteers to provide proof of insurance for work involving power equipment (\$500,000) and for irrigation related projects (\$1,000,000). The purpose of the insurance has been to respond to potential exposure the volunteers, 3<sup>rd</sup> party passers-by and the City of Fort Worth. The City is self-insured for all liability claims that arise when City employees are involved with accidents.

Staff considered providing blanket coverage to volunteers. However, due to the range of possible risks and uncertainty about the volume and types of activities, we have not been able to identify a cost-effective option to ensure volunteer groups against damages to other volunteers or passers-by. Upon further review, it is Staff's opinion that the value of the volunteerism exceeds the exposure experience in the past and makes the following recommendation:

1. Require volunteers to sign waivers releasing the City from liability for injuries to themselves or damage to their equipment that may be incurred while volunteering. The waiver would also outline risks they are assuming for potential claims brought by third parties.
2. Waive the proof of insurance requirement for volunteer groups doing work with non-riding power equipment and irrigation operation within appropriate limits. If an accident occurs and injuries are sustained, third parties could pursue legal action against the volunteer or the City for injuries or property damage. Staff would assess claims against the volunteer groups on a case-by-case basis and the City could choose but is not obligated to pay for damage where the volunteer acted in good faith. However, the volunteer would be assuming the risk of being named in litigation and the City would not defend them since they are not selected by or supervised by the City. As a result, some volunteers may still choose to acquire insurance to cover their activities or refer claims for consideration by their homeowners insurance. If the City is named in a lawsuit, we would have immunity for damages caused by volunteers; however, we could incur legal expenses and exposure up to \$500,000 per incident for negligence. The City would have potential liability for the on-going operation of the irrigation systems that result in incidents or from roadways, as an example.

**To the Mayor and Members of the City Council**

**May 14, 2013**

Page 2 of 2

**SUBJECT: LIABILITY AND INSURANCE FOR VOLUNTEER ACTIVITIES ON CITY PROPERTY AND RIGHTS-OF-WAY**

3. Continue to require insurance for community groups that hire contractors to perform maintenance and landscaping work on City property. Professional contractors are expected to provide proof of insurance as they do now.

Staff will communicate this administrative change out to neighborhood associations. This policy will be codified in a volunteer manual and waiver form to be shared by all departments.

## COUNCIL PROPOSAL

<b>Date:</b> 5/7/2013	<b>File Number:</b> 294	<b>Subject:</b> City-Initiated Zoning Change for 2002 Stalcup Road	
<b>Proposed By:</b> Council Member Frank Moss and Council Member Sal Espino		<b>City Manager's Review:</b>	<b>Page:</b> PAGE 1 OF 2
		<b>City Attorney's Review:</b>	

### **PROPOSAL:**

It is proposed that the City Council authorize the City Manager to initiate a zoning change for property at 2002 Stalcup Road from "A-5" One-Family to "E" Neighborhood Commercial.

### **DISCUSSION:**

On September 16, 2008 (Ord. No. 18301), the City Council approved a Zoning Ordinance map amendment that changed the zoning for several properties in the Historic Stop Six neighborhood from "B" Two-Family to "A-5" One-Family. The rezoning inadvertently included an existing barber/beauty shop at 2002 Stalcup Road, which continued to be a legal nonconforming commercial use in residential zoning. This status allows the use to continue indefinitely but prohibits expansion and resumption of the use if the structure is vacant for more than 24 consecutive months.

At this time, the structure has been vacant for more than 24 months, and the property owner would like to resume serving the community with either a barber/beauty shop or a restaurant. The property owner has asked the City to initiate rezoning to "E" Neighborhood Commercial in order to be in conforming status. This property is adjacent to "E" zoning on the south and to "CF" Community Facility zoning on the north. The zoning change would create more logical zoning districts on Stalcup Road, be compatible with surrounding land uses and zoning, and enable commercial uses that would benefit the City's tax revenues. If the zoning change is approved, staff will recommend revising the Comprehensive Plan future land use map from single family residential to neighborhood commercial for this property and the adjacent "E" zoned property on Stalcup Road south to Elgin Street.

If this Council Proposal is approved, staff will initiate a zoning case for consideration by the Zoning Commission on June 12 and by the City Council on July 9.

### **LEGALITY:**

The Law Department finds that this proposal is legal and within the authority of the City Council.

### **FISCAL NOTE:**

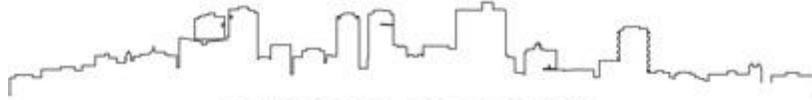

The Finance Director certifies that this action will have no material effect on City funds.

### **CITY MANAGER'S COMMENT:**

The City Manager has no objection to this proposal.
