Council Initiated Yes  No

**Owner / Applicant:** Richard Young

**Site Location:** 5700 McCart Avenue

Mapsco: 90T

**Proposed Use:** Auto Detail

**Request:** From: "E" Neighborhood Commercial

To: "PD/E" Planned Development for all uses in "E" Neighborhood Commercial plus auto detail; site plan required.

**Land Use Compatibility:** Requested change is not compatible.

**Comprehensive Plan Consistency:** Requested change is not consistent.

**Background:**

The applicant is requesting a zoning change from "E" Neighborhood Commercial to "PD/E" Planned Development for all uses in "E" Neighborhood Commercial plus auto detail; site plan waiver requested. The proposed use is considered a "Car wash, full or self service", which is allowed by Special Exception through the Board of Adjustment in "FR".

The existing "E" Neighborhood Commercial zoning classification has been on this site since 1957. Automotive repair was allowed in the "E" until 1987. Currently most automotive uses have more stringent regulations to protect neighborhoods (i.e. SE for carwash, FR for automotive repair, and supplemental standards).

The previous use of the site was a Discount Tire. As a result, the building is configured with stalls, bay doors, and a multipurpose building. However, the proposed use would require a Change of Occupancy, triggering a review of current zoning standards. The applicant intends to wash and detail the vehicles in the inside the multipurpose area.

The case was heard by Council and continued by CM Jordan on March 8. On April 12, Council remanded the case to the Zoning Commission for notification, review and consideration of a site plan. The Zoning Commission continued the case last month to provide the applicant more time to prepare a site plan for review and notification. However, as of the time of this report, staff has not received a site plan and has had minimal communication from the applicant.

**Development Impact Analysis:**

1. **Land Use Compatibility**

The applicant is proposing a zoning change to "PD/E" Planned Development for all uses in "E" Neighborhood Commercial plus auto detail; site plan waiver requested. Commercial uses are located north and east of the proposed site, while single-family is located directly to south and west. A detail shop contains both the washing and intense cleaning aspect of the car. It is intended to be located in areas with more intense zoning districts. The "E" zoning provides a buffer and transition to the adjacent neighborhood.

Based on surrounding land uses, the proposed zoning for this lot **is not compatible** at this location.

2. **Comprehensive Plan Consistency**

The 2011 Comprehensive Plan designates the subject property as neighborhood commercial. The requested zoning change is not consistent with the following Comprehensive Plan policies.

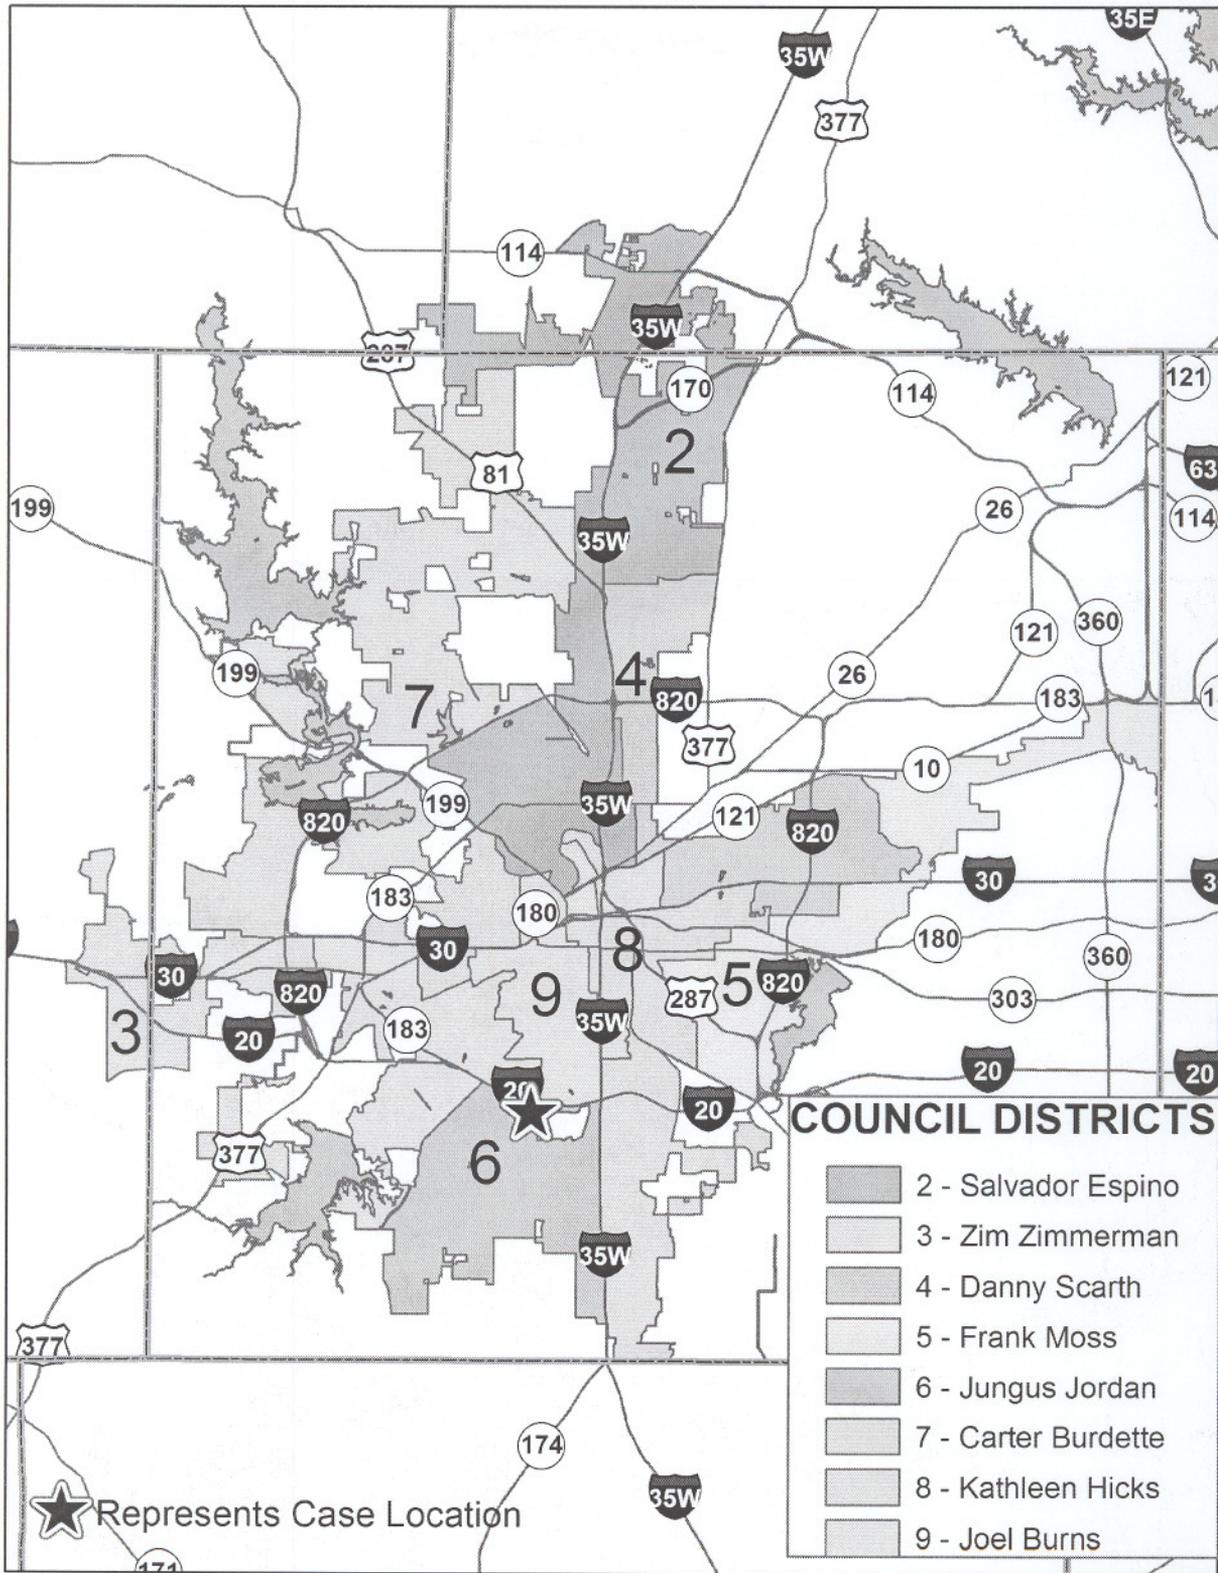

- Encourage development type and intensity appropriate to existing or planned street infrastructure. (pg. 38)
- Separate incompatible land uses with buffer or transitional uses. (pg. 38)

Based on the lack of conformance with the future land use map and the policies stated above; the proposed zoning **is not consistent** with the Comprehensive Plan.
