Development Impact Analysis:

1. Land Use Compatibility

Uses surrounding the proposed site are primarily single-family. Based on the surrounding land uses, the proposed "A-5" One-Family zoning is **compatible** at this location.

2. Comprehensive Plan Consistency

The 2011 Comprehensive Plan designates the subject property as single-family. The proposed "A-5" zoning is consistent with the following Comprehensive Plan policies.

- Locate single-family homes adjacent to local or collector streets. (pg. 37)
- Encourage development type and intensity appropriate to existing or planned street infrastructure. (pg. 38)
- Encourage appropriate development and redevelopment within central city commercial districts and neighborhoods. (pg. 38)

Based on the conformance with the future land use map and policies stated above, the proposed zoning is **consistent** with the Comprehensive Plan.
