**Owner / Applicant:** 156 Holdings LLC & Kenneth, Mary & Samuel Leporis

**Site Location:** 10365 Blue Mound Road and 600 Block Bonds Ranch Road  
Mapsc0: 119J

**Proposed Use:** Mini-storage facility

**Request:** From: "I" Light Industrial  
To: "PD/I" Planned Development for all uses in "I" Light Industrial plus mini-warehouse; site plan included

**Land Use Compatibility:** Requested change is compatible.

**Comprehensive Plan Consistency:** Requested change is consistent.

**Background:**

The applicant is requesting a zoning change from I Light Industrial to PD/I plus mini-storage facility. The property is south of Bonds Ranch Road, a proposed major arterial, and west of Blue Mound Road a proposed principal arterial. The applicant is proposing a four story, drive through, climate controlled building with approximately 154,750 square feet. The remainder of the storage buildings range from 2,800 to 10,400 square feet with a 1,200 square foot office building. The site plan indicates it will comply with the sign ordinance and is also requesting to have an electronic changeable copy sign through the PD process.

The case was heard by the City Council on December 2, 2014. At that meeting, an adjacent property owner spoke in objection and the Councilmember continued the case and directed that the placement of the buildings be reconsidered. The home is zoned "I" Light Industrial with the surrounding area but is an occupied residence.

The original site plan provided the 4 story climate controlled building very near the home. The site plan has been adjusted to move the 4 story self-storage building further to the south and move a single story storage building closer to the entrance that is adjacent to the single-family structure. The site plan shows a wrought iron fence at the rear of the property to the gate for the mini storage units. No fence is indicated adjacent to the residential home.

Area uses are predominantly light industrial with outdoor storage. The applicant either owns or has under contract the property to the east at the corner of Bonds Ranch Rd. and Blue Mound Road and has plans for commercial development. Existing homes on this property will be removed. The site plan provides for

a shared driveway that straddles the property line for the mini storage facility and future commercial. This will be formalized in the platting process.

 East "I" Light Industrial / single-family, industrial outdoor storage  
 South "I" Light Industrial / industrial outdoor storage  
 West "AG" Agricultural / single-family and commercial outdoor storage

**Recent Relevant Zoning and Platting History:**

Zoning History: ZC-03-296 annexation approved by City Council 01/13/04 from unzoned to various zoning districts; subject area  
Platting History: PP-04-002 Highpoint Hill approved by the City Plan Commission 01/28/2004, subject property to the south

**Site Plan Comments:**

The site plan as submitted is in not general compliance with the zoning regulations.  
 1. The maximum height in "I" zoning is 3 stories or 45 feet. *(waiver required for additional height)*  
 2. The site plan indicates 17 parking spaces. The maximum count is six spaces. One additional tree will be required.

**Compliance with the items noted above shall be reflected on the site plan or waivers are required.**

**TPW comments:**

1. Access to Blue Mound from the site shall only be from existing driveways or dedicated streets.
2. TXDOT permit is required for work in and along State ROW. Street connections to TXDOT ROW contingent upon TXDOT approval. The proposed approach on Blue Mound road will not be permitted due to an intergovernment agreement to improve the traffic on Blue Mound that only permits new connections to Blue Mound for City Streets only. The site plan will have to be revised to reflect the removal of the Blue Mound access.
3. Sidewalks and street lights are required for all public and private streets and public access easements as per City of Fort Worth Standards.

***(Comments made by Platting (Subdivision Ordinance), Transportation/Public Works, Fire, and Water Department staff cannot be waived through the Zoning Commission and City Council. Approval of the zoning site plan does not constitute the acceptance of conditions.)***

**Development Impact Analysis:**

1. **Land Use Compatibility**

The applicant is proposing a zoning change to amend “PD/I” Planned Development for I uses plus mini-storage; site plan included. Surrounding land uses are single family, industrial storage and vacant to the north, industrial outside storage to the east and south, commercial outside storage to the west.

With the surrounding zoning being predominantly “I” with an “AG” strip of land to the west with commercial outdoor storage, the proposed zoning for this site **is compatible** at this location. While the adjacent home to the west is zoned “I” Light Industrial, it was requested that the four-story building be moved away from the home and placed elsewhere within the development. The applicant has purchased and intends to remove the existing homes to the east.

2. **Comprehensive Plan Consistency**

The 2014 Comprehensive Plan designates the subject property as Light Industrial. The requested zoning change is consistent with the following Comprehensive Plan policy:

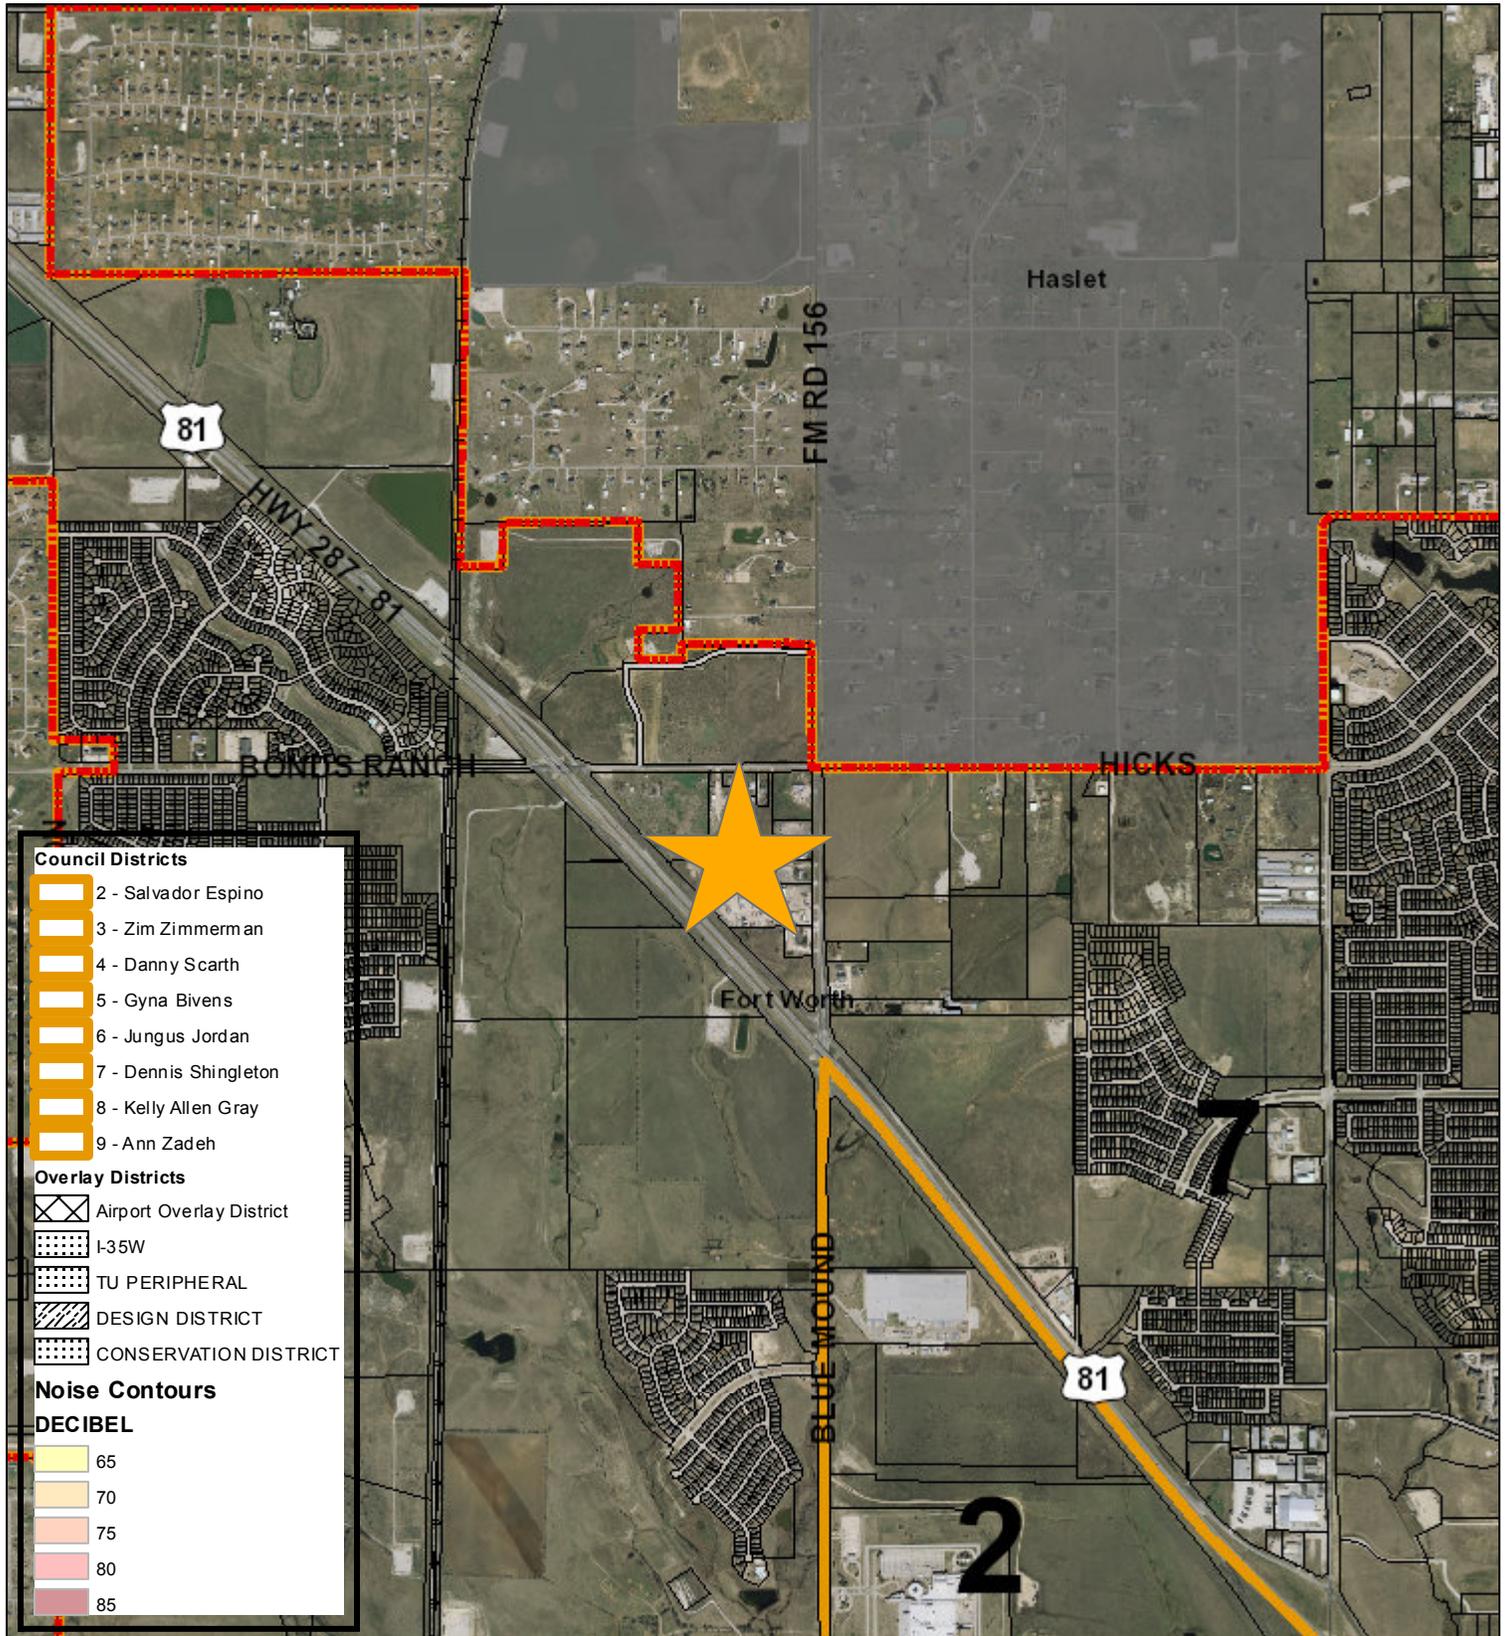

- Encourage development type and intensity appropriate to existing or planned street infrastructure by coordinating future land use map changes with the Master Thoroughfare Plan and an adopted Complete Streets policy.

Based on the lack of conformance with the future land use map and policy stated above the proposed zoning **is consistent** with the Comprehensive Plan.

Redfield Survey, Abstract No. 1348, 471.95 Acres): from Unzoned to “A-5” One-Family, “PD/G” Planned Development for all uses in “G” Intensive Commercial and “PD/MU-2” Planned Development for all uses in “MU-2” High Intensity Mixed-Use with exclusions and development standards; site plan waiver requested**

Tom Galbreath, 550 Bailey Avenue, Suite 400, Fort Worth, Texas representing A. M. Pate Jr., etal explained to the Commissioners the request and presented a power point presentation. Mr. Galbreath said they held a meeting with the neighborhood on November 5, 2014 to hear the concerns from about possible uses, lighting and height. They have amended their request based on that meeting to change two areas to PD for G and PD for MU-2, excluding uses with development standards. The slide indicated future land uses for the project with the lifestyle center at the northern boundary, apartments with parking garages below, then residential detached two story homes. There will be mixed use along the eastern side adjacent to the Tollway.

Ms. Reed asked about the lifestyle center. Mr. Galbreath said it is the idea where you can live, work and play; a true mixed-use.

Mark Brister, 7905 Vista Ridge Drive North, Fort Worth, Texas spoke in support as long as the changes were made to a PD.

Motion: Following brief discussion, Ms. Moore recommended Approval of the request, seconded by Ms. Reed. The motion carried unanimously 9-0.
