Proposal Name & Number: Indoor/Outdoor Flooring Products, Sports Surfaces, Wood/Concrete Floor Refinish #476-15

Congratulations, your company has been successful on the above referenced proposal! This contract will be effective April 1, 2015. The contract documents are those identified in Section 3 of the General Terms and Conditions of the specifications.

To see the items your company has been awarded, please review the proposal tabulation #476-15 on the following web-site: www.vendor.buyboard.com. Only items marked as awarded to your company can be sold through the BuyBoard contract. In addition, on this website you will find the membership list which will provide you with the names of all entities with membership in our purchasing cooperative.

Attached to this letter you will find the following documents:

Vendor Quick Reference Sheet
Electronic Catalog Format Instructions
Vendor Billing Procedures

Receipt of a purchase order directly from a Cooperative member is not within the guidelines of the Cooperative. Accepting orders directly from member entities may result in a violation of the State of Texas competitive bid statute and cancellation of the proposal award therefore all orders must be processed through the Cooperative in order to comply. We request your assistance in immediately forwarding by fax (1-800-211-5454) to the cooperative any orders received directly from member entities. If by chance an order sent directly to you has been unintentionally processed, please fax it to the Cooperative (1-800-211-5454) and note it as **RECORD ONLY** to prevent duplication.

Per proposal specifications, awarded vendors will have 60 days to submit their electronic catalog including pricing. If the electronic data is not provided within 60 days of notice of award, we reserve the right to inactivate any company's award information from the BuyBoard until such time the electronic data is received.

On behalf of the Texas Association of School Boards, we appreciate your interest in the Cooperative and we are looking forward to your participation in the program. If you have any questions, please contact Arturo Salinas at 800-695-2919 ext. 6200.

Sincerely,

Melonie Perry
Bid Administrator

AFFIRMATION REGARDING CONSTRUCTION-RELATED GOODS AND SERVICES

A contract awarded under this Proposal Invitation covers only the specific goods and services awarded by the BuyBoard. As explained in the BuyBoard Construction Related Goods and Services Advisory for Texas Members ("Advisory"), **Texas law prohibits the procurement of architecture or engineering services through a purchasing cooperative. This BuyBoard contract does not include such services. Architecture or engineering services must be procured by a Cooperative member separately, in accordance with the Professional Services Procurement Act (Chapter 2254 of the Texas Government Code) and other applicable law and local policy.**

The Advisory, attached to this Form F, provides an overview of certain legal requirements that are potentially relevant to a Cooperative member's procurement of construction or construction-related goods and services, including those for projects that may involve or require architecture, engineering or independent testing services.

By signature below, the undersigned affirms that Proposer has read and understands the Advisory attached to this Form F and is authorized by Proposer to make this affirmation. If Proposer sells construction-related goods or services to a Cooperative member under a BuyBoard contract awarded under this Proposal Invitation, Proposer will comply with the Advisory and applicable legal requirements, make a good faith effort to make its Cooperative member customers or potential Cooperative member customers aware of such requirements, and provide a Cooperative member with a copy of the Advisory before executing a Member Construction Contract with the member or accepting the member's purchase order for construction-related goods or services, whichever comes first.

BUYBOARD PROCUREMENT AND CONSTRUCTION-RELATED GOODS AND SERVICES ADVISORY FOR TEXAS MEMBERS

Why make purchases using BuyBoard? Purchasing through a cooperative or "interlocal contract" satisfies the requirement of local governments to seek competitive procurement for the purchase of goods or services.ⁱ Therefore, you may purchase goods and services from a vendor through BuyBoard without having to conduct your own competitive procurement. If, however, you are procuring construction-related services through a BuyBoard Job Order Contract (JOC) or contract for the installation of equipment or materials (e.g., athletic fields and surfaces, kitchen equipment, HVAC, playground equipment, or modular buildings), you may, as explained in this Advisory, need to procure certain aspects of these services using a separate procurement process outside of the BuyBoard and should consult your procurement officer and/or legal advisor for specific advice.

What is BuyBoard's Procurement Process? The BuyBoard uses a competitive procurement process to award contracts to vendors for goods and services that the BuyBoard determines, based on an evaluation of multiple criteria, represents the best value for its members.

How does BuyBoard award a contract to a vendor? As a condition of being awarded a BuyBoard contract, a vendor is bound by and must agree to comply with all the terms of the BuyBoard's proposal invitation (or specifications), the vendor's proposal response, and any additional contract terms negotiated with the BuyBoard member. Among other things, the vendor must honor the pricing submitted in the vendor's proposal. **THE PRICE YOU PAY FOR THE GOODS AND SERVICES COVERED BY THE BUYBOARD CONTRACT MAY BE LESS THAN THE AWARDED PRICING, BUT CANNOT BE MORE.** Additionally, the vendor must comply with the BuyBoard contract's general terms and conditions, and any additional terms and conditions that apply to the specific BuyBoard contract, as set out in the proposal invitation.

How does a BuyBoard member make purchases through the BuyBoard contract? You utilize the awarded BuyBoard contract by issuing a signed purchase order through the BuyBoard online application to procure the selected goods or services. Although BuyBoard must receive a copy of the signed purchase order, BuyBoard does not review or approve the purchase order or other supplemental agreement that you obtain – this is a matter between you and the vendor. If construction-related services are procured through the BuyBoard, additional contracts with professionals and the contractor may be required, depending on the nature and scope of the services. As stated above, you should consult your procurement officer and/or legal advisor for specific advice.

How do I know that my entity has made a purchase through the BuyBoard?

BuyBoard must have a copy of the purchase order in order for the purchase to be considered a BuyBoard procurement. To ensure that your entity has satisfied state law requirements for competitive procurement, make sure that the BuyBoard has your purchase order. Do not rely on the vendor to submit the purchase order on your behalf; it is your responsibility to make sure that the BuyBoard has the signed purchase order. You may log in to www.buyboard.com using your member I.D. and password to view the Purchase Order Status Report to confirm that the purchase order is in the BuyBoard system.

What should BuyBoard members consider when using BuyBoard for construction-related purchases? While purchasing goods and services through BuyBoard satisfies your legal requirement to competitively procure a good or service, as a general matter you must keep in mind other legal requirements that may relate to the purchase, especially when using BuyBoard for construction-related procurement.

When making construction-related purchases through a BuyBoard contract, BuyBoard members must consider the following:

12007 Research Boulevard • Austin, Texas 78759-2439
PH: 800-695-2919 • FAX: 800-211-5454 • www.vendor.buyboard.com

- **Best value determination.** In compliance with Texas law and any local policy, your entity must first determine that purchasing through an interlocal contract or purchasing cooperative is the procurement method that will provide best value.ⁱⁱ This is done by the governing body (e.g., board of trustees, council, commissioners' court, etc.) or may be delegated by the governing body to an individual or committee, with written notice.
- **Products or services not covered by the BuyBoard contract.** The BuyBoard contract covers only the specific goods and services awarded by the BuyBoard. If you want to purchase from a BuyBoard vendor goods or services from a BuyBoard vendor that are not covered by the vendor's BuyBoard contract, such as architectural, design, or engineering services, you must procure them separately in accordance with state law and local policy.
- **Architectural or Engineering and Independent Testing services.** If your procurement includes a construction component that requires architectural or engineering services, you must procure those services separately. YOU MAY NOT PROCURE ARCHITECTURAL OR ENGINEERING SERVICES THROUGH A BUYBOARD CONTRACT. Texas law requires architectural and engineering services to be obtained in accordance with the Professional Services Procurement Act (Chapter 2254 of the Texas Government Code) and prohibits them from being procured through a purchasing cooperative.ⁱⁱⁱ
 - **Architecture.** A new building owned by a political subdivision having construction costs exceeding \$100,000 or an alteration or addition to an existing building having construction costs exceeding \$50,000 must have architectural plans and specifications prepared by an architect.^{iv} (An "alteration" or "addition" for purposes of this requirement requires the removal, relocation, or addition of a wall or partition or the alteration or addition of an exit.)
 - **Engineering.** If the goods or services procured through the BuyBoard will involve engineering in which the public health, welfare, or safety is involved, the plans for structural, mechanical, electrical, electronic, fire suppression, geotechnical systems, foundation design, surface water drainage, plumbing and certain roof modifications and associated estimates must be prepared by an engineer, and the engineering construction must be performed under the direct supervision of an engineer.^v The Engineering Practice Act provides two exceptions to this rule – no engineer is required if (1) the project involves mechanical or electrical engineering and will cost \$8,000 or less, or (2) the project does not require mechanical or electrical engineering and will cost \$20,000 or less.^{vi}
 - **Independent Testing.** If acceptance of a facility by a public entity involves independent testing of construction materials engineering and/or verification testing services, the testing services should be procured under the Professional Services Procurement Act, and may not be procured under a BuyBoard contract.
 - **Written Certification.** Effective 09/01/2013, a local governmental entity purchasing construction-related goods and services through a cooperative in an amount that exceeds \$50,000 must designate a person to certify in writing that the project does not require the preparation of plans or specifications by an architect or engineer OR that an architect or engineer has prepared the plans or specifications.^{vii}

NATIONAL PURCHASING COOPERATIVE VENDOR AWARD AGREEMENT

In accordance with the Terms and Conditions associated with this Proposal Invitation, a contract awarded under this Proposal Invitation may be "piggy-backed" by another governmental entity. The National Purchasing Cooperative is an intergovernmental purchasing cooperative formed by certain school districts outside of Texas to serve its members throughout the United States. If you agree to be considered for a piggy-back award by the National Purchasing Cooperative, you agree to the following terms and agree to serve National Purchasing Cooperative members in the states you have indicated on Form J, State Service Designation, in your Proposal.

By signing this form, Proposer (referred to in this Agreement as "Vendor") agrees as follows:

1. Vendor acknowledges that if The Local Government Purchasing Cooperative ("Texas Cooperative") awards Vendor a contract under this Proposal Invitation ("Underlying Award"), the National Purchasing Cooperative ("National Cooperative") may - but is not required to - "piggy-back" on or re-award all or a portion of that Underlying Award ("Piggy-Back Award"). By signing this National Cooperative Vendor Award Agreement ("Agreement"), Vendor accepts and agrees to be bound by any such Piggy-Back Award as provided for herein.
2. In the event National Cooperative awards Vendor a Piggy-Back Award, the National Cooperative Administrator ("BuyBoard Administrator") will notify Vendor in writing of such Piggy-Back Award, which award shall commence on the effective date stated in the Notice and end on the expiration date of the Underlying Award, subject to annual renewals as authorized in writing by the BuyBoard Administrator. Vendor agrees that no further signature or other action is required of Vendor in order for the Piggy-Back Award and this Agreement to be binding upon Vendor. Vendor further agrees that no interlineations or changes to this Agreement by Vendor will be binding on National Cooperative, unless such changes are agreed to by its BuyBoard Administrator in writing.
3. Vendor agrees that it shall offer its goods and services to National Cooperative members at the same unit pricing and same general terms and conditions, subject to applicable state laws in the state of purchase, as required by the Underlying Award. However, nothing in this Agreement prevents Vendor from offering National Cooperative members better (i.e., lower) competitive pricing and more favorable terms and conditions than those in the Underlying Award.
4. Vendor hereby agrees and confirms that it will serve those states it has designated on Form J (State Service Designation Form) of this Proposal Invitation. Any changes to the states designated on Form J must be approved in writing by the BuyBoard Administrator.
5. Vendor agrees to pay National Cooperative the service fee provided for in the Underlying Award based on the amount of purchases generated from National Cooperative members through the Piggy-Back Award. Vendor shall remit payment to National Cooperative on such schedule as it specifies (which shall not be more often than monthly). Further, upon request, Vendor shall provide National Cooperative with copies of all purchase orders generated from National Cooperative members for purposes of reviewing and verifying purchase activity. Vendor further agrees that National Cooperative shall have the right, upon reasonable written notice, to review Vendor's records pertaining to purchases made by National Cooperative members in order to verify the accuracy of service fees.

6. Vendor agrees that the Underlying Award, including its General Terms and Conditions, are adopted by reference to the fullest extent such provisions can reasonably apply to the post-proposal/contract award phase. The rights and responsibilities that would ordinarily inure to the Texas Cooperative pursuant to the Underlying Award shall inure to National Cooperative; and, conversely, the rights and responsibilities that would ordinarily inure to Vendor in the Underlying Award shall inure to Vendor in this Agreement. Vendor recognizes and agrees that Vendor and National Cooperative are the only parties to this Agreement, and that nothing in this Agreement has application to other third parties, including the Texas Cooperative. In the event of conflict between this Agreement and the terms of the Underlying Award, the terms of this Agreement shall control, and then only to the extent necessary to reconcile the conflict.

7. This Agreement shall be governed and construed in accordance with the laws of the State of Rhode Island and venue for any dispute shall lie in the federal district court of Alexandria, Virginia.

8. Vendor acknowledges and agrees that the award of a Piggy-Back Award is within the sole discretion of National Cooperative, and that this Agreement does not take effect unless and until National Cooperative awards Vendor a Piggy-Back Award and the BuyBoard Administrator notifies Vendor in writing of such Piggy-Back Award as provided for herein.

WHEREFORE, by signing below Vendor agrees to the foregoing and warrants that it has the authority to enter into this Agreement.

FEDERAL AND STATE/PURCHASING COOPERATIVE DISCOUNT COMPARISON FORM

The Cooperative strives to provide its members with the best services and products at the best prices available. The Cooperative determines whether prices/discounts are fair and reasonable by comparing prices/discounts stated in your Proposal with prices/discounts you offer federal and state entities and other interlocal purchasing cooperatives (collectively referred to as "purchasing cooperative" in this form). Please respond to the following questions.

1. Provide the dollar value of sales to or through purchasing cooperatives at or based on an established catalog or market price during the previous 12-month period or the last fiscal year: \$ 19,400,000.00 (The period of the 12 month period is 1/1/2013 / 12/31/2013). In the event that a dollar value is not an appropriate measure of the sales, provide and describe your own measure of the sales of the item(s).

2. Based on your written discounting policies are the discounts you offer the Cooperative equal to or better than the best price you offer other purchasing cooperatives acquiring the same items regardless of quantity or terms and conditions?

YES [X] NO []

3. Based on your written discounting policies, provide the information requested below for other purchasing cooperatives, either in the chart below or in an equivalent format. Rows should be added to accommodate as many purchasing cooperatives as required.

Table with 4 columns: PURCHASING GROUP, DISCOUNT (%), QUANTITY/VOLUME, FOB TERM. Rows include Federal General Services Adm., T-PASS, U.S. Communities Purchasing Alliance, The Cooperative Purchasing Network, Houston-Galveston Area Council, and Other IGPA.

PLEASE SEE ATTACHED

[] MY COMPANY DOES NOT CURRENTLY HAVE ANY OF THE ABOVE OR SIMILAR TYPE CONTRACTS.

CURRENT BUYBOARD VENDORS

If you are a current BuyBoard vendor, indicate the discount for your current BuyBoard contract and the proposed discount in this Proposal. Explain any difference between your current and proposed discounts.

PROPOSAL INVITATION QUESTIONNAIRE

Proposal Invitation No. 476-15 – Indoor/Outdoor Flooring Products, Sports Surfaces, Wood/Concrete Floor Refinish

The Cooperative will use your responses to the questions below in evaluating your Proposal to provide the goods and perform the construction or construction-related services ("work") under the BuyBoard contract contemplated by this Proposal Invitation ("contract"). You must fully answer each question, numbering your responses to correspond to the questions/numbers below. You must attach your responses to this questionnaire, sign where indicated below, and submit the signed questionnaire and your responses to all questions in one document with your Proposal. **You must submit the signed questionnaire and responses with your Proposal or the Proposal will not be considered.** **PLEASE SEE ATTACHED FOR RESPONSES TO THE BELOW.**

1. Describe Proposer's direct experience (not as a subcontractor) performing the work proposed under this contract. Include a brief description of the projects you have completed for Texas governmental entities in the last 5 years, and include for each the project name, scope, value, and date, and the name of the procuring government entity and entity contact person. Identify the contracts that best represent Proposer's capabilities relative to this contract.
2. Describe the resources Proposer has to manage, staff and successfully perform the work contemplated under this contract. State the number and summarize the experience of company personnel who may be utilized for the work, including those who will be available to Cooperative members for assistance with project development, technical issues, and product selection for work associated with this contract.
3. The contract does not include architectural or engineering services, which must be procured separately, outside of the Cooperative, in accordance with Chapter 2254 of the Texas Government Code (Professional Services Procurement Act). If you are performing work under the contract on a project that requires the services of an architect or professional engineer, how will you work with a Cooperative member and its designated architect or engineer with respect to services that must be procured outside the contract.
4. Describe the tasks and functions that can be completed by Proposer in-house without the use of a subcontractor or other third party.

PROPOSAL INVITATION QUESTIONNAIRE RESPONSES

1. Describe Proposer's direct experience (not as a subcontractor) performing the work proposed under this contract. Include a brief description of the projects you have completed for Texas governmental entities in the last 5 years, and include for each the project name, scope, value, and date, and the name of the procuring government entity and entity contact person. Identify the contracts that best represent Proposer's capabilities relative to this contract.

Please see attached Project Library under TAB 7 that includes projects completed by Hellas in Texas since 2009. Hellas specializes in the manufacture and installation of sports playing surfaces. All of our projects best represent our capabilities relative to this contract. The projects are identified as follows:

GC General Construction
TF Synthetic Turf
TK Track
TS Tennis

2. Describe the resources Proposer has to manage, staff and successfully perform the work contemplated under this contract. State the number and summarize the experience of company personnel who may be utilized for the work, including those who will be available to Cooperative members for assistance with project development, technical issues, and product selection for work associated with this contract.

Hellas has a synthetic turf, running track and tennis department all of which are dedicated to offering the best service possible to our clients resulting in repeat customers. We manufacture and install our own products with a construction division that self-performs. Each construction project is staffed with a competent Project Manager and On-Site Superintendent.

Below is a breakdown of Hellas' Operations team:

CONSTRUCTION DIVISION Hellas' construction fleet consists of over 200 pieces of equipment enabling Hellas to service any jobsite in a timely manner. Matt Schnitzler is the Vice President of Construction and manages a department of 250 employees. Mr. Schnitzler is Certified by the American Sport Builders Association as a Certified Field and Track Builder. In addition to 15 Project Managers in the office, the construction division consists of 235 field workers including 15 Project Superintendents.

RUNNING TRACK DIVISION Bob Allison is the Vice President of Track and manages a department of almost 93 employees. Besides four office employees, Hellas employs 76 field workers dedicated to installing quality track projects nationwide.

TURF DIVISION Mauricio Espinosa is the Turf Division Manager and manages a department of 52 employees. Besides four office employees, Hellas employs 56 field workers dedicated to installing turf.

TENNIS DIVISION Bill Salas is the Vice President of the Tennis Division and manages a department of 18 employees. Brian Jorgenson, PMP, is the Project Manager for all tennis projects. In addition Bill and Brian, the Tennis Division employs 12 tennis surfacing and 5 tennis post-tension workers in the field including Tom Josephs a Certified Tennis Court Builder by the American Sport Builders Association.

Our employees at Hellas work with customer service in mind at all times and will guide our clients throughout their project from start to finish. Phone numbers and email addresses of the project manager and site superintendent are provided immediately upon contract. Hellas employees know that keeping our customers satisfied is our number one priority, and this has proven to be the best selling tool for future projects.

RESUMES ARE AVAILABLE UPON REQUEST

3. The contract does not include architectural or engineering services, which must be procured separately, outside of the Cooperative, in accordance with Chapter 2254 of the Texas Government Code (Professional Services Procurement Act). If you are performing work under the contract on a project that requires the services of an architect or professional engineer, how will you work with a Cooperative member and its designated architect or engineer with respect to services that must be procured outside the contract.

We will identify with the Cooperative member those items that must remain outside the purview of our contractual obligations with Buy Board; we will aid the Cooperative member in securing, to their satisfaction, architectural or engineering services that best suit their needs for any particular project.

4. Describe the tasks and functions that can be completed by Proposer in-house without the use of a subcontractor or other third party.

Since January 2004, Hellas' expertise revolves around the design, manufacture and construction of high quality athletic playing surfaces. It has developed the strategy of offering its customers "one-stop shopping" by providing complete project services

including the sports product, the installation of these products and the construction services associated with the project. Hellas believes this business strategy and capability is a strong competitive advantage as it has found that many owners prefer to have one party responsible for delivery of the entire playing surface. Hellas' commitment to high quality workmanship puts it at a distinct advantage in the marketplace. Hellas makes it a top priority to complete projects on time and within budget. Our track record is impeccable when it comes to project completion time and staying within the client's budget. In addition, Hellas is a member of the American Sports Builders Association and employs several Certified Field Builders, Track and Tennis Court Builders. We are also a member of The U.S. Tennis Association and Associated General Contractors of America.

Hellas offers in-house design and engineering services, estimating services, construction and service crews, project management, construction management, maintenance and after the sale services. As the manufacturer of the sport surfaces, Hellas is able to customize the final product to fit the customer's needs.

Hellas performs the following with its own forces:

We are able to design synthetic turf fields, running tracks and tennis courts.

We manufacture the synthetic turf, running track and tennis court surfaces.

We install synthetic turf fields including site work, base work, drainage, synthetic turf installation and equipment.

We install the running track surfacing for the track and field events and can construct the field events and provide equipment.

We are able to construct post-tension concrete tennis courts, supply the tennis court surfacing, posts and nets.

5. Describe Proposer's financial capability to perform the contract. State or describe the firm's financial strength and rating, bonding capacity, and insurance coverage limits. State whether the firm, or any of the firm's past or present owners, principal shareholders or stockholders, or officers, have been a debtor party to a bankruptcy, receivership, or insolvency proceeding in the last 7 years, and identify any such debtor party by name and relationship to or position with your firm.

Hellas is financially secure

Hellas has a single bonding capacity of \$5,000,000 and an aggregate bonding capacity of \$40,000,000 through Holmes Murphy & Associates, Inc. and Liberty Mutual Insurance Company. Liberty Mutual Insurance Company is definitely willing to consider bonds of a larger size if it is requested. For further questions regarding Hellas Construction, Inc.'s bonding capabilities, please feel free to contact Rosemary Weaver the Surety Manager for Holmes and Liberty Mutual Insurance Company Attorney-in-Fact. Her contact information is 214/265-6302 and e-mail address is rweaver@holmesmurphy.com.

Hellas financial statements are available upon request.

PLEASE SEE BONDING CAPACITY LETTER and SAMPLE INSURANCE CERTIFICATE UNDER TAB 8.

Neither Hellas nor or any of Hellas' past or present owners, principal shareholders or stockholders, or officers, have been a debtor party to a bankruptcy, receivership, or insolvency proceeding in the last 7 years.

6. List all contracts, if any, in the last 10 years on which Proposer has defaulted or that have been terminated for any reason and for each provide the project name, scope, value and date and the name of the procuring governmental entity. Fully explain the circumstances of the default or termination.

None.

7. List all litigation or other legal proceedings, if any, in the last 10 years brought against your firm, or any of the firm's past or present owners, principal shareholders or stockholders, officers, agents or employees, that relates to or arises from a contract similar to this contract or the work contemplated under this contract. (The list should include the contractor as well as the product supplier.). Provide the style of the lawsuit or proceeding (name of parties and court or tribunal in which filed), nature of the claim, and resolution or current status.

TENCATE v. HELLAS CONSTRUCTION, INC.

Nature: Hellas is currently in litigation over the supply of raw materials related to the manufacturing process.

Outcome: Pending

CORSICANA ISD v. BALFOUR BEATTY CONSTRUCTION, et al.

Nature: Lawsuit brought against Balfour Beatty Construction due to soil stabilization issues involving the entire area of new construction dating back to 2005. Hellas is one of every vendor/subcontractor (including bleachers, engineer, architect, asphalt, concrete, etc.) included in the suit; however, the issue arises from testing performed by the geotechnical firm and architect.

Outcome: Pending.

FIELDTURF v. HELLAS CONSTRUCTION, INC.

Nature: Fieldturf brought suit against Hellas in 2009 for trademark infringement and for hiring several former Fieldturf sales personnel.

Outcome: Case was settled.

8. Describe in detail the quality control system Proposer will use, including third party auditing certification, to support the long-term performance and structural strength of the products to be used in a project under the contract.

Hellas ensures Quality Control

Hellas has made it a goal to only hire competent employees who know and understand the specialty construction business and are knowledgeable about their field and job responsibilities. Hellas is proud to say that our employee crew turnover is very low, which in turn translates to experienced people working on each project.

All of our Project Managers and Superintendents have multiple years of construction experience, and we use only state-of-the-art installation equipment. We consistently look to see how to incorporate the newest technological advances to improve materials and construction practices. Hellas personnel make themselves available to our customer's representative throughout the project. The cell phone numbers of each Hellas team member is given to the appropriate Owner's representative(s) to ensure an open-communication channel is established.

As noted in response to Number 4, Hellas self-performs the majority of the work we perform; however, when a subcontractor is needed, Hellas strives to meet its commitment of integrity, service, and performance on every project and expects that same commitment from each subcontractor and supplier on our projects. Hellas requests the following information from prospective subcontractors which is reviewed by Hellas and a determination is made based on the information provided. Hellas subcontractor evaluation process ensures consistency with each project. Hellas' subcontractor selection criteria include the following:

- Years in business
- Client References
- Relative Experience
- Trade References
- Prior Work with Hellas
- Competitive price
- Insurance and Workers' Compensation coverage

- Financial stability relative to the scope of work
- Safety Performance / EMR / Safety Policy / OSHA Citations

Hellas makes every effort to use local subcontractors for the portions of work that it is unable to self-perform. This will stimulate jobs and funds throughout the community. Our goal is to involve resident suppliers and vendors as much as possible.

9. If the work will require Proposer to tender performance and payment bonds, provide the name of the bonding company or surety that will issue such bonds.

Liberty Mutual Insurance Company

10. Describe in detail all documented safety issues, if any, that have involved Proposer in the last 3 years related to the type of work contemplated under this contract. Provide a 3-year history of your firm's workers compensation experience modifier.

Please see OSHA logs for 2011-2013 as well as attached letter regarding EMR under TAB 9.

Hellas puts safety first

Be advised that Hellas Construction, Inc. puts safety **FIRST**. Hellas will adhere to OSHA Safety policies at all times. In addition, Hellas will install project signs around the construction site stating it has been closed due to construction. Hellas will barricade any pedestrian traffic from entering the site. Hellas will also maintain all equipment within the confines of the construction site. On site safety meetings are held weekly by the job site Superintendent. We have notification labels that are placed on all company vehicles that reinforce this commitment. We have periodic safety reviews both at headquarters and on site. Note the photos below, which show the following:

- ID BADGES **REQUIRED**
- CREW UNIFORMS, HARD HATS, PROPER FOOTWEAR AND SAFETY VESTS **REQUIRED**

Hellas Construction has put together an extensive Safety Manual maintained on all job sites (a copy is available upon request). The Manual dictates policies and procedures and contains safety forms and reports necessary for Foremen to fill out daily or weekly. The company has onsite safety meetings prior to starting the work. Upon joining the Hellas team, it is required to study the Safety Manual and acknowledge understanding and willingness to comply. All of our Site Superintendents have 30 hours of OSHA

training certification. Hellas installs project signs around our construction sites stating closed due to construction. Onsite safety meetings are held weekly by the site superintendent. All equipment and construction trailers are locked, along with construction entrances at the end of each work day to ensure site is secure

RE: HELLAS CONSTRUCTION, INC.

To Whom it May Concern:

Hellas Construction, Inc. is a highly regarded and valued client of Holmes Murphy & Associates, Inc. and Liberty Mutual Insurance Company, rated A (Excellent) by A.M. Best. We have had the privilege of providing bonds to them for many years. Hellas Construction, Inc. has an excellent reputation in the construction industry and we would recommend them highly to any owner.

Hellas Construction, Inc has a bonding capacity for single projects in the \$5,000,000 range and an aggregate bonding capacity in the \$40,000,000 range. If Hellas Construction, Inc. is awarded a contract and requests that we provide the necessary Performance, Payment and/or Maintenance Bonds, we will be prepared to execute the bonds subject to our acceptable review of the contract terms and conditions, bond forms, appropriate contract funding and any other underwriting considerations at the time of the request.

Our consideration and issuance of bonds is a matter solely between Hellas Construction, Inc. and ourselves, we assume no liability to third parties or to you by the issuance of this letter.

Sincerely,

A handwritten signature in blue ink that reads "Cindy Fowler".

Hellas Construction, Inc.
Workers Compensation Experience Modifier History

To whom it may concern:

This letter verifies the Workers' Compensation experience modifiers for Hellas Construction as follows:

2013-2014	1.13
2012-2013	.84
2011-2012	.72
2010-2011	.67
2009-2010	.67
2008-2009	.67

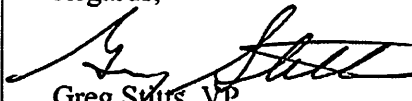

Hellas has historically maintained an Experience Modification below 1.00. Most recently several uncontrollable events negativity impacted the insured's factor and are not reflective of the client's commitment to safety. For the upcoming renewal the carrier has agreed in principal to "negotiate" their upcoming Texas modification below 1.00. The basis for the agreement is as follows:

- 1) 2011 year: \$133,039 TX loss with a negative impact of 11.5 points to modification. Full subrogation expected.
- 2) 2012 year: \$138,186 IL loss with a negative impact of 16.1 points to modification (IL uses a higher weighting formula). Questionable case later denied. Unfortunately, the decision on the file was post the calculation period. There were minimal payments applied to the case file.

Initial renewal discussions anticipate a Texas based "negotiated" modification below 1.00 that will be used for the policy term.

If you have any questions or need further assistance, please call me at 214/265-6625.

Regards,

Greg Sitts, VP
