Owner / Applicant: Cassco Development Co. Inc.
Site Location: 3000 block Acme Brick Plaza
Mapsco: 74Z

Proposed Use: Multi-Family (senior & assisted living)

Request: From: "A-5" One-Family, PD 630 Planned Development for "MU-2" High Intensity Mixed-Use as outlined in the September 30, 2003 Comprehensive Zoning Ordinance with a maximum 20 foot front yard setback and a minimum block length of 500 feet, maximum block length 1500 feet, with 20% of the block length allowed between 200 and 500 feet, and allow for front yard signage; site plan waived.

To: Amend PD 630 Planned Development "MU-2" High Intensity Mixed-Use as outlined in the September 30, 2003 Comprehensive Zoning Ordinance, to increase the maximum front yard setback to 65 feet, to revise block length to a maximum block perimeter of 2,200 feet, and to amend parking standards calculation; site plan waiver requested

Land Use Compatibility: Requested change is compatible.
Comprehensive Plan Consistency: Requested change is consistent.
Staff Recommendation: Approval

Background:
The property is located along the Trinity River and off of Acme Brick Plaza, south of Edwards Ranch Road. The applicant is proposing a zoning change to amend a 6.11 acre portion of PD 630 (Lot 2, Block 1 on PP-08-030) to allow increased front yard setbacks and maximum block perimeter for the development, while also amending the parking standards for the development. The property is to be developed as Tradition Senior Living (senior and assisted living).

The site has limited street frontage today as there is a drainage channel that separates the development from Clearfork Main St and Acme Brick Plaza currently dead ends at a cul-de-sac at the northwest corner of the property. As other buildings have done within Clearfork, the developer is planning to maintain proximity and orientation towards the Trinity River while also maintaining frontage on existing roadways. These conditions are why the developer is asking to increase the maximum front yard setback to 65 feet as opposed to 20 feet. Also, with the nature of the development, senior living and assisted living
having walkways and other super block breakers is difficult while trying to maintain a secured site for residents; therefore the applicant has also asked to increase the block perimeter to 2,200 feet. The applicant has also requested that parking be calculated in an overall bedroom calculation of .75 spaces per bedroom, inclusive of all room types (senior multi-family, assisted living and memory care) where the ordinance requires additional parking based on gross floor area and employees.

**Site Information:**

Owner: Cassco Development Co.
4200 S. Hulen, Suite 614
Fort Worth, TX 76109

Agent: Peloton Land Solutions

Acreage: 6.10 acres

Comprehensive Plan Sector: Arlington Heights

Surrounding Zoning and Land Uses:
- North “PD 630” / medical office
- East “G” Intensive Commercial / office building, mid-rise
- South “A-5” One Family / undeveloped; Trinity River
- West “FR” General Commercial Restricted / office building, low-rise

**Recent Relevant Zoning and Platting History:**

Zoning History: ZC-05-051 Approved by City Council 03/24/05 for PD/MU-2 uses and holding to the 2003 Comprehensive Zoning Ordinance

ZC-12-052 amend PD 630 to adjust maximum setback and allow front yard signage

Platting History: PP-08-030, Lot 2 Block 1 Edward Ranch Clearfork Addition

**Development Impact Analysis:**

1. **Land Use Compatibility**

The applicant is proposing to amend PD 630 to increase maximum setbacks and block perimeter, while also amending parking standards for a senior living multi-family and assisted living project. Surrounding land uses consist of general office and medical office.
Due to the location and scale of the project, the proposed zoning amendment is compatible with surrounding land uses.

2. **Comprehensive Plan Consistency**
The 2019 Comprehensive Plan designates the subject property as General Commercial. The below Comprehensive Plan policies apply to this proposal:

- Locate multifamily units within walking distance of public transportation, employment, recreation, and/or shopping to increase accessibility and decrease vehicular traffic.

- Coordinate future land uses and development types and intensity with the Complete Streets policy, Master Thoroughfare Plan, Active Transportation Plan, and Transit-Oriented Development (TOD) Plans.

- Encourage new development adjacent and connected to previously developed or platted areas in order to utilize existing utility and road infrastructure and services, thereby optimizing public and private investments and discouraging sprawl development.

Based on conformance with the policies stated above, the proposed zoning is consistent with the Comprehensive Plan.
