- Site Drainage Study**
A site drainage study, showing conformance with the approved roadway drainage plan, may be required before any building permit will be issued on this site (a grading plan in some instances may be adequate). If the site does not conform, then a drainage study may be required along with a CFA for any required drainage improvements and the current owner shall submit a letter to the Department of Transportation and Public Works stating awareness that a Site Drainage Study will be required before any permit is issued. The current owner will inform each buyer of the same.
- Construction Prohibited Over Easements**
No permanent buildings or structures shall be constructed over any existing or planned water, sanitary sewer, drainage gas, electric, cable or other utility easement of any type.
- Utility Easements**
Any public utility, including the City of Fort Worth, shall have the right to move and keep moved all or part of any building, fence, trees, shrubs, other growths or improvements which in any way endanger or interfere with the construction, maintenance or efficiency of its respective system on any of the easements shown on the plat; and any public utility, including the City of Fort Worth, shall have the right at all times of ingress and egress upon said easements for the purposes of construction, reconstruction, inspection, paroling, maintaining and adding to or removing all or part of its respective systems without the necessity at any time of procuring the permission of anyone.
- Sidewalks**
Sidewalks are required adjacent to both sides of all public and private streets, in conformance with the Sidewalk Policy per "City Development Design Standards".
- Private Maintenance**
The City of Fort Worth shall not be responsible for maintenance of private streets, drives, emergency access easements, public access easements, public pedestrian access easements, recreation areas, open spaces and drainage facilities, and said owners agree to indemnify and save harmless the City of Fort Worth, Texas, from claims, damage and losses arising out of or from performance of the obligations of said owners as set forth in this paragraph.
- Building Permits**
No building permits shall be issued for any lot in this subdivision until an appropriate CFA or other acceptable provisions are made for the construction of any applicable water, sewer, storm drain, street lights, sidewalks, or paving improvements; and approval is first obtained from the City of Fort Worth.
- Pathway Permit**
Pathway improvements such as curb & gutter, pavement, tie-in, drive approaches, sidewalks and drainage inlets may be required at time of building permit issuance via a pathway permit.
- Transportation Impact Fees**
The City of Fort Worth has an ordinance implementing the assessment and collection of transportation impact fees. The total amount assessed is established on the approval date of this plat application, based upon schedule 1 of the impact fee ordinance in effect on the date of the plat. The amount to be collected is determined under Schedule 2 of said ordinance, and is due on the date a building permit is issued.
- Water / Wastewater Impact Fees**
The City of Fort Worth has an ordinance implementing the assessment and collection of water and wastewater impact fees. The total amount assessed is established on the recodification date of this plat application, based upon schedule 1 of the current impact fee ordinance. The amount to be collected is determined under schedule II then in effect on the date a building permit is issued, on the connection date to the municipal water and/or wastewater system.
- Covenants or Restrictions are Un-altered**
This Plat does not vacate the previous "Plat of Record" governing the remainder of the subdivision, nor does it amend or remove any deed covenants or restrictions.
