Water / Wastewater Impact Fees

The City of Fort Worth has an ordinance implementing the assessment and collection of water and wastewater impact fees. The total amount assessed is established on the recordation of this plat application, based upon schedule I of the current impact fee ordinance. The amount to be collected is determined under schedule II then in effect on the date a building permit is issued, or the connection date to the municipal water and/or wastewater system.

Utility Easements

Any public utility, including the City of Fort Worth, shall have the right to move and keep moved all or part of any building, fence, tree, shrub, other growth or improvement which in any way endangers or interferes with the construction, maintenance, or efficiency of its respective systems on any of the easements shown on the plat; and they shall have the right at all times to ingress and egress upon said easements for the purpose of construction, reconstruction, inspection, patrolling, maintaining, and adding to or removing all or part of its respective systems without the necessity at any time of procuring the permission of anyone.

Transportation Impact Fees

The City of Fort Worth has an ordinance implementing the assessments and collection of transportation impact fees. The total amount assessed is established on the approval date of this plat application, based upon Schedule 1 of the impact fee ordinance in effect as of the date of the plat. The amount to be collected is determined under Schedule 2 of said ordinance, and is due on the date a building permit is issued.

Site Drainage Study

A site drainage study, showing conformance with the approved roadway drainage plan, may be required before any building permit will be issued on this site (a grading plan in some instances may be adequate.) If the site does not conform then a drainage study may be required along with a CFA for any required drainage improvements and the current owner shall submit a letter to the Department of Transportation and Public Works stating awareness that a Site Drainage Study will be required before any permit is issued. The current owner will inform each buyer same.

Detention Area

This plat identifies preliminary need and locations for storm water storage facilities known as detention ponds. It is expressly understood and agreed by the owner or owner's designee of any specific lot or tract within the platted subdivision that the owner or owner's designee of lots provide for the final detention volume mitigation during site development. The preliminary detention storage volume estimate is noted at each location. The final detailed analysis detention volume and required easement may be more or less than shown on this plat. The detention pond design shall be in accordance with the City of Fort Worth Stormwater Criteria Manual current at the time of the final ISWM plan is submitted.

Building Permits

No building permits shall be issued for any lot in this Subdivision until an appropriate CFA or other acceptable provisions are made for the construction of any applicable water, sewer, storm drain, street lights, sidewalks or paving improvements; and approval is first obtained from the City of Fort Worth.

Flood Plain/Drainage-Way: Maintenance

The existing creek, stream, river or drainage channel traversing along or across portions of this addition will remain unobstructed at all time and will be maintained by the individual lot owners whose lots are traversed by, or adjacent to, the drainage-ways. The City of Fort Worth will not be responsible for the maintenance, erosion control, and/or operation of said drainage-ways. Property owners shall keep the adjacent drainage ways traversing their property clean and free of debris, silt or other substances which would result in unsanitary conditions, and the City shall have the right of entry for the purpose of inspecting the maintenance work by the property owners. The drainage-ways are occasionally subject to storm water overflow and/or bank erosion that cannot be defined. The City of Fort Worth shall not be liable for any damages resulting from the occurrence of those phenomena, nor the failure of any structure(s) within the drainage-ways. The drainage-way crossing each lot is contained within the floodplain easement line as shown on the plat.

Construction Prohibited Over Easements

No permanent buildings or structures shall be constructed over any existing or platted water, sanitary sewer drainage, gas electric, cable or other utility easement of any type.

Sidewalks

Sidewalks are required adjacent to both sides of all public and private streets, in conformance with the Sidewalk Policy per "City Development Design Standards".

Building Construction Distance Limitation to an Oil or Gas Well Bore

Pursuant to the Fort Worth City Code, no building(s) not necessary to the operation of an oil or gas well shall be constructed within the setbacks required by the current Gas Well Ordinance and adopted Fire Ord from any existing or permitted oil or gas well bore. The instance shall be measured in a straight line from the well bore to the closest exterior point of the building, without regards to intervening structures or objects.

Public Open Space Easement

No structure, object, or plant of any type may obstruct vision from a height of 24-inches to a height of 11-feet above the top of the curb, including, but not limited to buildings, fences, walks, signs, trees, shrubs, cars, trucks, etc., in the public open space easement as shown on this plat.

Covenants or Restrictions:

Covenants or restrictions are un-altered by this plat. The plat does not vacate the previous "Plat of Record" governing the remainder of the subdivision, nor does it amend or remove any deed covenants or restrictions.

* GENERAL NOTES *

- The bearings and distances shown hereon are referenced to the Texas Coordinate System of 1983, Texas North Central Zone 4202, and are based on the North American Datum of 1983, 2011 Adjustment. All areas shown hereon are calculated based on surface measurements.
According to the Flood Insurance Rate Map published by the Federal Emergency Management Agency, Department of Homeland Security and by graphic plotting only, the subject property appears to be located in Zone "X" (areas determined to be outside the 0.2 % annual chance floodplain) as shown on Map No. 48439C0215L; map revised March 21, 2019, for Tarrant County and incorporated areas. This flood statement does not imply that the property and/or structures located in Zone "X" will be free from flooding or flood damage. This flood statement shall not create liability on the part of the Surveyor.
The subject tract appears to be located within Zone "A-5" according to the City of Fort Worth zoning map. The Surveyor did not attempt to interpret the zoning district information mentioned herein. Hereby, the Surveyor advises all interested parties to contact the City of Fort Worth Planning and Zoning Department to further verify all zoning regulations and restrictions before planning, designing, constructing, or developing on the subject property.
All property corners are monumented with a 5/8 inch iron rod with a cap stamped "SPOONER 5922" unless shown otherwise hereon.
Selling a portion of a tract, platted lot, or platted addition by metes and bounds without an approved subdivision or resubdivision by the local city could be a violation of city ordinance and state law.
Private Maintenance Note: The City of Fort Worth shall not be responsible for maintenance of private streets, drives, emergency access easements, public access easements, public pedestrian access easements, recreation areas, open spaces and drainage facilities, and said owners agree to indemnify and save harmless the City of Fort Worth, Texas, from claims, damages and losses arising out of or from performance of the obligations of said owners set forth in this paragraph.
Parkway improvements such as curb and gutter, pavement tie-in drive approaches, sidewalks and drainage inlets may be required at the building permit issuance via parkway permit.
Private P.R.V. will be required. Water pressure exceeds 80 P.S.I.
