RE: Inter-District 2 Alliance – City Council District 2

Please accept this letter as confirmation that the Inter-District 2 Alliance has completed all the annual requirements to maintain their registration status with the City of Fort Worth Community Engagement Office as a Neighborhood Alliance/Coalition.

The following three CFW registered neighborhood associations have confirmed their current membership with this alliance via email and/or phone:

- Diamond Hills Jarvis NAC

- North Side NAC

Registration with the City of Fort Worth requires every alliance to complete an Annual Update Form and include: *board member contact information, the date, time and location of general membership meetings and a current list of member organizations.*

The Inter-District 2 Alliance must complete their next Annual Update Form on or before **July 19, 2019** to maintain their current registration status.

Should you have any questions about the current standing of this or any other alliance, please feel free to reach out directly to our office.

Sincerely,
